WASHINGTON, April 17.—Secretary of War Stimson declared today that American military might has virtually reached a point which will permit it to take the offensive against the Axis powers "at the earliest practicable moment."

"So far the army is concerned we are getting pretty near the stage of being ready for an offensive," Stimson told the press conference."

40,000 Troops Taken

At the same time he issued the war department's 195th communique of the war revealing that when Bataan fell four generals, three of them American, one a Filipino, and 12 brigadier-generals, seven of them American and five Filipino, were on the peninsula and have been unreported since April 9 when Bataan fell to the enemy.

Approximately 40,000 American-

Return Of Laval Forces New Policy By United States

BULLETIN
(International News Service)
WASHINGTON, April 17.—Resignation of Marshal Henri Petain as French chief of state today strengthened the United States government's determination to drastically alter American relations with Vichy France.
An official announcement recalling American Ambassador William D. Leahy is expected shortly.

WASHINGTON, April 17.—The United States government today will announce a drastic reorientation of American policy for Vichy France as a result of the return to power of Pierre Laval, champion of pro-German collaboration.

The change of policy will, in all probability, involve the recall of American Ambassador William D. Leahy from Vichy.

Whether it will lead to a complete break in diplomatic relations between the two countries depends upon the extent to which Laval, in the formation of his government, commits France to collaboration with the Axis.

Depends On Laval

If Laval proclaims a policy of complete collaboration, the United States will sever diplomatic relations with Vichy, it was said.

British Planes In Steady Attacks On Occupied France

(BULLETIN)
(International News Service)
LONDON, April 17.—Formations of Royal Air Force bombers and fighters so heavy they literally filled the skies roared over the English channel today in continuance of Britain's all-out aerial offensive against Nazi occupied Europe.

(International News Service)

LONDON, April 17—Royal Air Force squadrons today maintained their steady parade across the English Channel to attack occupied France.

Throughout the afternoon a succesion of large formations of planes crossed from the English coast in a continuous stream.

Extent of the raids could be guaged by the fact that a few minutes after the planes crossed the channel successive waves of explosions not only could be heard but were felt on the English shores.

Henderson For New Tax Boost

Says It Is Needed As Means Of Heading Off Inflation in United States

HOUSE BODY PONDERS SEVERAL PROPOSALS

By PHILLIPS J. PECK
International News Service Staff Correspondent

WASHINGTON, April 17.—Price Administrator Leon Henderson today called for an increase in the pending $7,600,000,000 tax bill as a means of heading off inflation.

Although O.P.A. officials now are debating the advisability of an overall "freeze" on retail prices as part of the government's anti-inflation campaign, Henderson indicated that congress must also revise its tax program upward to insure success of the drive.

The out-spoken price boss warned that there would be an "inflationary gap" of $17,000,000,000 this year between the nation's spendable income and the supply of consumer goods and services available.

Meanwhile, the house ways and means committee concluded public hearings today on the war tax bill and prepares for showdown fights on major provisions of the record, $7,600,000,000 revenue measure. The committee as it made ready for extended closed-door sessions, faced several prime battles. These include:

1. Shall a general federal sales tax be enacted despite strong administration opposition? Considerable sentiment for this form of levy exists.
2. Shall the treasury's proposal

MOSCOW, April 17.—Germany is throwing in an increasing number of reserves in preparation for a large-Scale offensive on the Russian front, the Moscow radio reported today.

(Dispatches received in London said that Adolf Hitler had rushed General Field Marshal Walter von Brauchitsch to the Russian front. Von Brauchitsch, commander-in-chief of the German armies until Hitler assumed the post himself, was reported to have gone to the Bryansk sector because of the serious threat to German forces in that area. Two more localities were said to have been taken by the Russians on that front after the German garrisons were annihilated.)

Report Fierce Fighting

(The London Evening Standard picked up an Algiers broadcast quoting Stockholm reports to the effect that fierce fighting is raging along the Vyazma-Smolensk railroad. Soviet troops were said to have pierced the German lines at several points, while Russian advance troops reached the approaches of Smolensk.)

The last German division billeted in Yugoslavia was said by the Russians to have been withdrawn and hurried to a sector on the Soviet front.

Russian guerilla units meanwhile were reported to have liberated 10 towns in the Smolensk area from German control between March 15

WASHINGTON, April 17.—Further complicating the chaotic Vichy picture, Acting Secretary of State Sumner Welles today announced that President Roosevelt has instructed American Ambassador William D. Leahy to return home for consultations.

This constitutes America's answer to the return to power in Vichy of Pierre Laval, champion of pro-German collaboration.

The recall of Admiral Leahy does not mean a complete break with Vichy at the present time, although Welles said there may be another announcement concerning American policy toward France before long.

Situation In Embattled Burma Is Becoming More Critical

JAPS SEEK TO BEAT RAINY SEASON NOW

Large Reinforcements Are Aiding Jap Drive Says Chungking Report

(International News Service)

CHUNGKING, April 17.—The situation in embattled Burma was growing more critical by the hour today as heavily reinforced Japanese armies, determined to complete their conquest of that nation before arrival of the rainy season continued to drive back Chinese and British Imperial defenders.

An official Chungking communique said the Chinese were taking a terrific toll of the Jap attackers, but were continuing to give ground at several sectors because of the enemy's numerical superiority and increased stores of planes, tanks and guns.

Continue Advance

The Japanese continued to advance northward from Thagaya on the central front despite heavy resistance. Especially heavy fighting was raging in the Yani vicinity, nine miles north of Thagaya, the communique said, indicating that the Chinese had evacuated Myola, three miles south of Yani.

Japanese Forces Launch Invasion Of Island Of Panay

By JOSEPH BORS

WASHINGTON, April 17.—Apparently fearful that the recent daring raid by American bombers from Australia may be renewed with even more devastaing effect, the Japanese today speeded up their Philippine invasion timetable with thrusts against another important island outpost which hitherto had not been occupied by the enemy.

Invade Panay

Latest strategic Philippine island to feel the heavy hand of ruthless conquest is the island of Panay, located 200 miles southeast of Manila, and on which a tiny American-Filipino force is reported to be resisting the advance of a Nipponese army estimated at 8,000 men.

The invasion of Panay came on the heels of a daring and destructive raid against Japan's Philippine positions carried out by General MacArthur's Australian base bombers, which caught the enemy by surprise from Manila to Mindanao.

Military experts contended that for this reason the invaders struck quickly at Panay before they attempted the complete conquest of Corregidor and the island of Cebu.

Still Resist At Cebu

On the latter island, a short distance from Panay, a small force of Lt. Gen. Jonathan Wainwright's

VICHY, April 17.—Vice Premier Admiral Jean Francois Darlan today was designated by aged Marshal Henri Petain to succeed him as chief of state of the Vichy government of France.

Darlan was named by Petain at a final meeting of the council of ministers during which all the cabinet members presented their resignations.

Pierre Laval, who many believe will be placed in charge of the ministries of foreign affairs, the interior and information, called upon Petain privately immediately after the resignations were submitted.

He presented a cabinet list for Petain's approval. Its exact composition was not known.

Laval To Speak

Laval will make a speech this afternoon, destined primarily for consumption in the United States and Germany.

Pilot Who Brought MacArthur From Bataan, In Philippine Raid

By PAT ROBINSON

AN ADVANCED UNITED NATIONS OPERATIONS BASE, Somewhere In The South Pacific, April 17.—It's that Bostrom man again—back from new adventures in south Pacific skies which won him an advancement in rank and the coveted distinguished flying cross.

You remember Lieut. Frank Bostrom, the plucky pilot who was selected for the job of picking up Gen. Douglas MacArthur and his party and flying them to Australia.

Well, Frank is Captain Bostrom now, if you please, and as you probably have guessed, he played a major role in the audacious air raid conducted by Brig. Gen. Ralph Royce's command on Japanese bases in the Philippines.

Draws Hard Tasks

Bostrom seems inevitably to draw the assignment of flying the head man on daring trips. A month ago it was MacArthur. This time it was General Royce. Along with the general in Frank's plane was co-pilot Wilson Cook of Oklahoma City; Navigator Hal Snyder of Robinson, Ill., and Bombardier Earl Sheggard from Minnesota.

General Royce accompanied them only to the first landing point, at a secret Philippine base, where he disembarked to put the finishing touches on the plans for the raids.

Bostrom's plane set out to carry medical supplies to certain detachments of beleaguered American troops, but Frank found time to bomb Jap-held docks, airports and hangars so effectively that the subsequent fires could be seen for 75 miles on the return trip.

Just to make the adventure more interesting, the crew members managed to get under a Japanese bombing attack themselves—but here is the complete story:

Two other planes accompanied

Plan Loyalty Tests For Aliens Soon

Special Tests To Be Planned

Aliens With "Certificates Of Loyalty" May Be Employed In Industry

TENTATIVE PLANS ARE CONSIDERED

By JACK VINCENT
International News Service
Staff Correspondent

WASHINGTON, April 17.—The army, navy and justice departments and the W.P.B. today are drafting plans to set up special hearing boards to issue "certificates of loyalty" to aliens to that in deserving cases they can be employed in American war plants.

Backers of the plan assert that the "certificates of loyalty" would be issued only to aliens from so-called friendly countries. At the same time, they said the plans were only in a formative stage, and were always subject to last minute changes.

It was learned, however, that there have been many conferences between the army and navy, the justice department and W.P.B.'s labor division on the subject. An announcement may come soon.

According to informed spokesmen in W.P.B., the plan at first would be limited only to aliens of the United Nations now in this country. That would include such countries as Canada, Great Britain, Scotland, Australia, New Zealand and China.

Later To Include Refugees

Later, it may be expanded to include refugees from countries invaded by the Axis, such as Norway, Holland, Free France, the Balkans and other Axis dominated areas.

There are no plans now to include any refugees from countries actually at war against the United States.

Officials drawing up the proposal concede that they are confronted with many difficulties. Under one suggestion, alien hearing boards would be set up to pass on individual cases and in certain instances issue "certificates of loyalty." It also has been suggested that some system of identification be established, rather than hearing boards.

At the present time, aliens generally are prohibited from working in war plants. It is estimated that there are 5,000,000 aliens in the United States but W.P.B. officials say that they have no breakdown on the number by nationalities. However, they believe many skilled workers would be found among them to help meet the growing problem of finding skilled hands for war factories.

The hearing boards, if created, will have representatives of the justice and army and ndavy departments on them. Those aliens given "certificates of loyalty" would be subjected to investigation to prevent spies or saboteurs from gaining entrance to vital war industries. Government officials interested in the movement admitted that there was such a possibility and the necessity of setting up adequate safeguards and precautions comprised one of the major reasons that the program has not yet been completely formulated.

Asked why the United States could not facilitate the return to United Nations aliens to their own country, where they could be used either for the armed services or war work, government officials explained that many had been in this country for years but had simply neglected to take out citizenship papers. In most cases, it was said, they hold a deeper loyalty for the U.S. than their own homelands.

BRITISH PLANES IN STEADY ATTACKS ON OCCUPIED FRANCE

(Continued from Page One)

ern France also were raided. One German bomber was intercepted during the raids and destroyed.

The air war between Britain and Germany continued without let up as the R. A. F. today sent strong formations of planes on offensive sweeps for the sixth successive day.

The planes were seen striking out from the Kentich coast during the morning between Folkestone and Dungeness. Later heavy explosions were heard on the French coast.

Other Bomber Waves

Other waves of bombers passed over the coast toward Boulogne. The weather on the French side appeared unsettled and there were considerable clouds.

German anti-aircraft guns along the occupied coast blazed into action.

A few German planes appeared over the English South coast during the night and machine-gunned the area, causing a small number of casualties.

Two of the Nazi raiders opened their guns on a train standing in a station and seriously wounded the fireman.

(The Berlin radio announced that Royal Air Force planes returned to Western Germany for new attacks.)

RETURN OF LAVAL FORCES NEW POLICY BY UNITED STATES

(Continued from Page One)

Laval of his desire to maintain friendly relations with the United States will not alter the American government's determination to show its dissatisfaction with developments in Vichy.

The American government, according to high authority in Washington, knows that Nazi Germany pulls the strings which have put Laval back in power. This government, furthermore, it was said, is convinced that Laval is nothing more than a French quisling and that he will do everything in his power to make France contribute to victory of the Axis in the world conflict.

For this reason, the American government is not prepared to trust Laval and intends to view his every word and deed with a suspicion.

Germany's Aim

Information received by the American government leads it to believe Laval has the following three major objectives in mind as head of the new French government:

1. To maintain, as a cover for the benefit of the French people, the pretense of friendly relations with the United States.

2. To recapture French territory now occupied by the Free French, such as Syria;

3. To maneuver France into a postiion where it will actively contribute to ultimate victory for the Axis.

The American government expects Laval to use the police force in unoccupied France to purge the French army and navy of all officers and men known to be opposed to his policy of collaboration with Germany.

May Affect Fleet Use

While it is not anticipated that Laval will attempt to hand the French fleet over to Germany at once, it is believed he will gradually put it to use in the interest of the Axis by convoying war supplies and attempting to recapture Syrian and other territories now in the hand of the Free French. Official Washington feels that Laval will not risk attempting to hand the French fleet over to Germany because of the danger of mutiny, but it is feared it may succeed in persuading the officers and crew of the fleet to resort to force in an effort to recapture the French territories now held by the Free French.

The conditions under which Laval is known to be returning to power to the Vichy government indicates, in the opinion of the American government, that Chief of State Marshal Henri Petain has been relegated to a position of secondary power. His position is expected to be similar to that of the former president of France, who had little actual authority in the government of the day. In the eyes of official Washington, Marshal Petain is about to become the Hindenburg of France.

Evidence of the extent to which Germany was supporting Laval is seen in the fact the Nazi delegation in Vichy compelled the French foreign office to suppress its original statement concerning rejection of the America note of Monday.

Final Gesture

Washington, April 17—Chief of State Marshal Henri Petain's action in appointing Admiral Jean Darlan as his successor-designate and giving him command of the French armed forces was seen in official Washington quarters today as a move to prevent Pierre Laval from gaining complete control of the governing powers of France.

The move, although regarded as a somewhat encouraging sign of a possible check on Laval's immediate powers, is not expected to interfere with the American government's determination to drastically alter its relations with Vichy as a result of the pro-German leader's return to power.

Recall of American Ambassador William D. Leahy from Vichy is expected to be announced within a short time.

NAZI RESERVES BEING MASSED ON SOVIET FRONT

and April 5. It was said 781 Germans were slain while the guerillas lost only 14 men.

Reserves Disabled

Thousands of German reserves were said to have been "disabled" by other guerilla units in the Ukraine while a Hungarian division on that sector was heavily battered.

The Moscow radio announced that a Russian submarine had sunk a German transport vessel and another ship of 11,000 tons in Arctic waters. A Nazi escort vessel also was reported damaged.

A subsequent official communique said only that "a Soviet ship sank a 10,000-ton transport in the Barents sea."

The communique said 600 Germans had been wiped out in two days of fighting on the central front. Guerilla forces were credited with annihilating four German garrisons in the Leningrad region, killing 783 Nazis.

The Red army newspaper Red Star meanwhile stated that the Germans had lost an estimated 38,000 airplane pilots and crew members in the war to date.

The midnight communique announced an important locality on the northwest front and another on the central front had been reoccupied.

A supplement said 20 German planes had been destroyed April 14 and 32 destroyed on the 15th. The Russians were said to have lost five planes.

Heavy fighting apparently continued in the Leningrad sector where another 2,000 Nazis were reported killed in the past two days.

JAPANESE FORCES LAUNCH INVASION OF PANAY ISLAND

(Continued From Page One)

troops still are believed to be resisting an invasion force estimated to number 12,000.

That the Philippine conflict is not over is indicated by the fact that Corregidor has continued to deal smashing blows at the enemy despite the fact that it has been bombarded from the air more than 200 times since the war began.

Military men assert that American-Filipino marksmanship has been responsible for the incredible defense of Corregidor, which continues to bar the invaders from Manila Bay, although they now control Bataan peninsula.

Since Pearl Harbor, the Nipponese have proved on numerous occasions that they are expert flyers and that their bombing ability is not to be ridiculed.

Planes Kept High

However, military experts assert that sharpshooting anti-aircraft guns on Corregidor have kept Japanese planes so high that their bombing has been ineffective.

This explains why the war department has been able to report that despite almost continuous bombing attacks since the fall of Bataan, little damage has been done to military installations on Corregidor.

The result has been that anti-aircraft batteries have continued to blast at enemy planes with deadly effect, while the forts artillery guns repeatedly have smashed Jap troop, truck and barge concentrations in the Manila area.

Effectiveness of Corregidor's counter artillery fire was indicated in the army's latest communique which stated:

"Our bigger guns pounded batteries in Bataan and Cavite resulting in a noticeable decrease in artillery fire during the thirty hours."

At the same time the fort's anti-aircraft guns scored another point against the enemy by hitting a huge bomber which "immediately left formation and when last seen was rapidly losing altitude.

Since the outbreak of the Pacific conflict, Corregidor's anti-aircraft guns have shot down more than 35 huge bombers which have tried in vain to level the fortress.

While Corregidor obviously cannot hold out indefinitely without a reinforcement, the belief prevailed in Washington that it will not succumb to the Japanese until its powerful guns are silenced by direct hits or because of lack of ammunition.

PILOT OF MacARTHUR IN PHILIPPINE RAID

(Continued From Page One)

Bostrom's ship on the long mission. In the second plane were Capt. Dave Rawls of Florida; co-pilot Jack Compton, of near Indianapolis; Navigator R. T. Jones, St. Louis, and Bombardier Wes Morris of Chicago. Capt. Teats, skipper, third ship with co-pilot Pete Greene; Navigator Walt Seaman of Columbus, O., and Bombardier Stone rounding out the crew. Frank didn't know the third crew very well, and hence couldn't give me all of their names and home towns.

Bostrom's plane developed some engine trouble at the first spot, so he and his crew carried on with Rawls' ship. Teats' plane bombed a Jap transport ship and Frank's crew concentrated on Manila's airdrome and docks, all of them doing a swell daytime job.

When they returned to their refueling point, they found that Jap zero planes, who evidently had been advised of their presence, had bombed the field in their absence. Soon the zeros returned and tried to dive-bomb three of the American planes.

"We ducked into slit trenches while they went to work," Frank said. "Wilson Cook had a long stick and amused himself by cutting a notch in it every time a Jap plane dove. That stick is full of holes.

"They set my plane afire on the ground and damaged the other two. We spent the whole night working like mad to get those ships ready to fly. My plane was completely destroyed. We took off in the morning and here we are."

"It was good to see old Manila again, even though this time we had to give its airdrome and docks hell.

"There were other bombers on this mission and I understand they did a swell job, sinking three or four ships. The Japs never did find their temporary base.

"I needn't describe the bombing or getting bombed to you, because by this time I know you know just how it goes, so I can depend on you to stick in the color stuff—you know, bombs crashing and bullets flying around us, fires blazing, Japs roaring down and all that sort of thing.

"And don't forget to tell the folks back in Bangor, that I'm still on deck and going strong—that goes for all of us.

"As for yourself, it's good to see you up here with us, and how about going on a little mission with us, sometime."

Captain Bostrom, it's a deal!

New Zealand has an iron shortage.

DOG DAYS' IN OREGON

BEND, Ore.—Bend's "dog days" are from March 29 to June 30.

Dog-owners in Bend are required by city ordinance to keep their dogs tied up or otherwise confined to their home grounds during nesting season for waterfowl. The law provides fines and jail sentences for owners who let their pets run at large within the city in the tie-up season.

The source of considerable controversy in former years, the statute was upheld some time ago by a popular vote, with gardeners joining wild-life lovers in support of the law.

READING CIRCLE '06 ELECTS NEW OFFICERS

Mrs. Ira Alford of Adams street street opened her home Thursday afternoon to the Reading Circle '06 membership, the occasion marking their bi-weekly social event. "A current event" was given in answer to roll call, and election of officers ensued.

Those elected for the new year follow: president, Mrs. C. J. Streib; first vice-president, Mrs. P. K. Fike; second vice-president, Mrs. F. C. Clobus; recording secretary, Mrs. M P. Book; corresponding secretary, Mrs. L. T. Moore; treasurer, Mrs. H. C. Mitchell.

A general discussion of current subjects filled in the remaining hours.

The next meeting in two weeks will be with Mrs. J. H. Kocher of Maryland avenue.

LUNCHEON HONORS OUT-OF-TOWN GUEST

Miss Jennie Morgan of East Grant street entertained at a small informal luncheon Thursday in honor of Mrs. Earl Sherwood of Louisville, Ky., who is the house-guest of Mrs. William K. Hugus of Highland avenue.

Another out-of-town guest was Mrs. Robert B. Jameson Jr. of Petersburg, Va.

Temple Bible Class

Temple Bible class members of the First Baptist church, met in the church diningroom, for a tureen dinner affair on a recent evening, with Rev. J. W. Neyman, offering prayer.

Mrs. E. Pritchard later gave a reading "Kindness Of Mother" and a short business session was conducted afterwards.

ART CLUB GUESTS AT BUTLER ART GALLERY

Art club members motored to Youngstown, O., Thursday, where they enjoyed luncheon, and following, attended the Butler Art Gallery. Mrs. J. Glenn Berry was chairman of the afternoon program.

They enjoyed a lecture given by Mr. Butler, on "American Painting" and later, went on a tour of the gallery, which was most interesting. Their speaker related the fact that "Ohio is not only a state of presidents, but also boasts as the state of artists." He also spoke on George Bellows painting of "Geraldine Lee, II" which has been secured for the permanent collection of paintings for 1942.

Mrs. Fred Haltnorth was announced as delegate to attend the Federation sessions on Tuesday.

The next program will be in the home of Mrs. E. L. Stitzinger, when one of New Castle's own artists, Evelyn Offutt Nicholas of Butler, will be the speaker. She will take for her topic "Portrait Sketching" and will exhibit a number of her own works. This meeting on May 21, will also be in the form of a tea, which marks the closing of the season until fall.

T. H. W. Club

Members of the T. H. W. club, gathered in the home of Mrs. James Steiner, Wilmington avenue, for a social time, Thursday evening.

The hours were spent most informally, prizes falling to Mrs. L. O. Rowland, Mrs. James Steiner and Mrs. John Kenehan. In serving a delectable repast, the hostess was aided by her sister, Mrs. Mike Pazzo and daughter Mary.

Their next meeting will take place on Thursday, April 23, with Mrs. Clyde Rohrer on Highland avenue.

EVENING SECTION HAS ANNIVERSARY

Evening section of the Woman's club enjoyed a dinner party Thursday evening in a local tearoom at 6:30 o'clock, the occasion being planned in celebration of their 10th anniversary.

The program that followed, under the direction of Miss Barbara Schulz, conformed to the past 10 years of progress of the club. Mrs. Dale Andrews, their first president, spoke briefly, relating its forming and how the first year was carried out. Mrs. Arch Morgan, who related several interesting incidents, also called upon several of the officers serving under her while she was president. Their present president, Mrs. Earl Wiggins, told how the club changed from the Junior Woman's club to the Evening Section of the Woman's club. She also cited the accomplishments of the past two years. Three others heard from were Mrs. D. Duff Scott, Mrs. Charles T. Metzler and Mrs. Grace Crawford, all who previously served as sponsors.

An out-of-town member was Mrs. Arch Morgan, of Jackson, Mich.

Election of officers also took place at this time: president, Georgiana McNees; vice president, Mrs. Eli Wiggins! treasurer, Margaret Cowmeadow; secretary, Beatrice Bruce; corresponding secretary, Barbara Schulz; parliamentarian, Lois Ketterer; historian, Mrs. Lawrence McKnight.

Committee responsible for last evening's success was composed of Mrs. Arthur Brown, Mrs. Eleanor Nelson, Belle Offutt and Jane Young, Ingeborg Hallgren and Mary McBride.

The next meeting will be held May 7 with Mrs. William Davis, of Mt. Jackson. This will be in the form of a Mothers Day celebration, with mothers as guests. Speaker will be Marion Foster Smith, of Saxonburg.

JUNIOR WOMEN ELECT; HEAR PLAY REVIEW

At the meeting of the Junior Woman's club at the home of Miss Helen Muir, Englewood avenue, Thursday evening, election of officers was held and Mrs. Dudley Arnold, past advisor of the club, reviewed the play, "Life With Father."

The club voted to accept the report of the nominating committee, presented by Miss Jayne Shilton, chairman. Thus, new officers for the club are: President, Miss Marjorie McGeorge; vice president, Miss Marian Bergland; treasurer, Mrs. James Bickett; recording secretary, Mrs. Robert Muse; corresponding secretary, Miss Miriam Clinefelter.

Mrs. Arnold, in reviewing "Life With Father," gave a resume of this current play, and read illustrative excerpts.

During the business meeting, Miss Leah Davis, chairman of the club's welfare committee, reported that in accordance with the club's spring project, the committee had outfitted a number of needy school children with clothing.

Next meeting will be May 21.

MAHONING BOOK CLUB HAS LUNCHEON-MEETING

Members of the Mahoning Book club gathered in a downtown tearoom Thursday afternoon, at which time they enjoyed a delicious 1:30 o'clock luncheon.

A special guest was present, Mrs C. Willy. Following the tasty luncheon the usual discussion of current events was held by the members, and the book exchange was featured.

On April 30 Rebecca Bowden will entertain, in a local tearoom.

Observe Golden Wedding Event Monday, April 20

MR. AND MRS. L. J. COPPER

On the occasion of the Golden Wedding anniversary of Mr. and Mrs. Laughlin J. Copper, of Slippery Rock township near Princeton, their children and grandchildren will entertain with open house at the Copper home on Monday, April 20, from 1 until 4 in the afternoon, and from 7 until 9 in the evening.

Mr. and Mrs. Copper were married on April 19, 1892, at New Castle, by Rev. John Phillips. Mrs. Copper was Margaret Catterson before her marriage. The couple have lived in this vicinity all their lives.

They are both in good health. Mrs. Copper is 68, Mr. Cooper, 78.

They are the parents of two sons, John C. W., and Ralph M., both of near Princeton. They have nine grandchildren and one great-grandchild.

HUGHES-ALLSHOUSE WEDDING SOLEMNIZED

Before an altar decorated with ferns at St. John's Lutheran church on Thursday evening, Miss Betty Hughes, daughter of Mr. and Mrs. Daniel Hughes of 420 Waldo street, became the bride of Corporal Dennis A. Allshouse, son of Mr. and Mrs. Clarence A. Allshouse of 510 Waldo street.

A large circle of friends and relatives witnessed the ceremony.

Rev. Thomas J. Jones, pastor of the First Congregational church, assisted by Rev. Adam Simon, pastor of St. John's Lutheran church, officiated, using the double ring service.

The bride, given in marriage by her father, was attired in a poudre blue crepe dress, with rose accessories, and wore a shoulder corsage of gardenias.

As maid of honor, Miss Cecelia Hughes, aunt of the bride, wore a beige crepe dress, with brown accessories, and shoulder corsage of Talisman roses and sweet peas.

Brinley Hughes, twin brother of the bride, was best man.

Wilford and Robert Allshouse, cousins of the bridegroom, served as ushers.

Miss Lena Richards, church organist, gave the selections "Call Me Thine Own", "My Heart With Thy Sweet Voice", "O Promise Me", Lohengrin's Wedding March and Mendelssohn's Wedding March.

A reception followed at the home of the groom's parents, when over a hundred friends and relatives attended. Assisting Mrs. Clarence Allshouse, her mother, Mrs. Lottie Phillips, and Mrs. Daniel Hughes in serving a buffet lunch were their aides, Cora Smith, Anna Allshouse, Mrs. W. H. Morgan and Mrs. Rose Sturdevant.

The bride is a graduate of New Castle high school, class of 1939, and employed at Simon Blau, Incorporated. The groom is a New Castle high school graduate in the class of 1937. He is stationed at Camp Sutton, N. C.

The couple will reside temporarily at the home of the bride's parents, 420 Waldo street.

TRINITY CHURCH ENDS PARTY SERIES THURSDAY

Winding up what is termed as a most successful undertaking, i. e., the "Fellowship Parties" for Trinity Episcopal church, a number of its members opened their homes on Thursday afternoon and evening, for closing events of this nature, for the present season.

On yesterdays calendar of hosts and hostesses, were Mr. and Mrs. L. F. Royston, Mrs. Harry Clark, Mrs. Frances Sowersby, Mrs. William Shilton and Mr. and Mrs. L. A. Pearsall.

The ladies mentioned entertained informally at afternoon teas, and the couples named, were hosts at fellowship evening parties, for guests numbering between thirty and forty.

Informal diversions were provided to suit the tastes of the various individuals. Some devoted their time to ping-pong, cards, darts and various table games. Before departing, the guests were served a tasty repast by those in charge.

At the Pearsall home last evening, the Fellowship Committee planned the details, bringing to a close a most enjoyable occasion.

McBRIDE AUXILIARY OFFICERS INSTALLED

Members of the Corporal McBride Auxiliary No. 522 held a dinner Thursday evening, at 6:30 o'clock, in the home, Grant street, honoring their retiring president, Mrs. Elsie Fredericks. She received many lovely gifts.

Following, the group gathered in the Post 315 rooms, Washington street, for their installation, with Mrs. Evelyn Woods as installing officer, assisted by Mrs. Tempa Stickle, instructing conductoress.

Those installed are: president, Mrs. Lillian Davis; senior vice-president, Mrs. Ethel Bell; junior vice-president, Mrs. Lilliam Fleming; treasurer, Mrs. Elizabeth Miller; chaplain, Mrs. Rose Kirkwood; conductoress, Mrs. Mary Nicholson; assistant conductoress, Mrs. Jessie McCann; guard, Mrs. Claire Hunt; trustees, Mrs. Elsie Fredericks, and Mrs. Mary Cox; secretary, Mrs. Evelyn Woods; patriotic instructor, Mrs. Ida Suber; historian, Mrs. Belle Whiteman; musician, Mrs. Beatrice McNicholas; color bearers, Mrs. Tempa Stickle, Mrs. Lillian Falls, Mrs. Rebecca McKissick; Mrs. Evelyn Marshall; banner bearer, Mrs. Mary Sheridan; flag bearer, Mrs. Sarah Thomas; Americanism chairman, Mrs. Catherine Jones; hospital chairman, Mrs. Catherine Ayers; junior advisor, Lillian Fleming.

Plans for the Mothers banquet were made, to be held on May 7, in the Grand street home. Working is being continued by members of the Salvage for Victory committee.

BIRTHDAY CELEBRATION HONORS MRS. F. LESLIE

With the house decorated in spring flowers for the occasion, a party of about 50 friends, neighbors and relatives gathered Thursday evening at the home of Mr. and Mrs. Frank Leslie, of near Mt. Jackson, to celebrate Mrs. Leslie's birthday.

A solo, sung by John Kyle, accompanied by his sister, Jane, and some group singing, furnished music during the evening, which was mainly spent in chat.

Mrs. Leslie received a number of lovely gifts.

Helping to serve a lunch at the end of the evening were: Mrs. Eileen Mielke, Mrs. Mary Gilkey, Mrs. Margaret Perry, Mrs. C. Slack, Miss Geraldine Perry, Ronald Mielke and Roy Musquire.

WE'RE ON OUR WAY: KEEP IT UP!

ONE month ago General MacArthur, upon his safe arrival in Australia from beleaguered Bataan, gave the solemn pledge: "I came through and I will return."

This week he returned by proxy when 13 American bombers, under the personal command of Brigadier General Ralph Royce, roared across the far reaches between Australia and the Philippines and blasted ships, air bases and docks in the Japanese-dominated islands.

Of the American attacking planes that made the amazing 4000-mile round-trip flight only one was lost and its whole crew was saved. That's a record for efficiency that would be hard to match.

With what punishment to the enemy? At Davao, on Mindanao Island, one Jap bomber destroyed and several damaged; two enemy transports hit; planes destroyed; troop concentrations bombed. At Cebu, three Jap transports sunk and two others hit; enemy planes shot down. At Batangas, enemy cargo vessel sunk. Near Manila, Nichols Field, now held by Japs, heavily bombed.

That's the way to answer Japanese aggression and the only way that counts. That's carrying the war to the enemy as we must do to win. That's the spirit of daring and determination that we must show to smash the brutal Axis.

General Royce and his gallant fliers now have given a heartening revelation of what can be accomplished when Americans actually go on the warpath against the enemy.

CURTAILING AIR SERVICE

The War Department has announced its intention to take over 25 per cent of the domestic airliners for use in carrying military cargoes and personnel—approximately 75 transports—but coincidentally intimated that the requisition was to be held at that point if possible. Smaller requisitions of transports were made by the government on two previous occasions.

If no additional planes are taken from the commercial air lines, this will be recognition that the system of civilian air service now spread over the country has become a necessity, indisputably essential to national life. To travelers depending on speed, to the users of expedited mail and to shippers of rush orders, air service has become indeed indispensable.

Twenty-five years ago cancellation of plane service would not have caused a ripple. Today the air lines are so much a part of the useful transportation equipment of the country that their denial to civilian use would be instantly felt from ocean to ocean.

The transports left in the service will maintain the pattern of the scheduled flights, a pattern designed eventually to cover the nation with a finely meshed network. In the great days of the future peace, air transportation will expand to undreamed of proportions.

GETTING STRONGER

Activities of American submarines in Japanese waters are accompanied by considerable destruction of enemy war and supply vessels, which identifies America's part in the Pacific war at the moment as one of attrition. The goal of American strategy is to cut down Japan's sea strength to the lowest point possible in preparation for later operations, an important phase of which will be air and naval attacks on enemy shipping lines and bases.

Japan has always feared America's air and sea raiding capacity. Tokyo leaders have warned their people against this possibility many times in urging them to expect no easy conflict. With the rainy season already upon the invaders in New Guinea and imminent in Burma, India and elsewhere, it is evident that Japan can look forward to nothing resembling security.

The prospect is for an easing of Japanese land campaigns, with the possible exception of an attack upon Siberia, and a stepping up of naval and air operations, a phase of hostilities in which America is equipped to take a stronger hand, meeting the enemy on a more nearly equal basis than on the land at this stage of the war.

United States forces have already sunk many Japanese ships and are sinking more at a more rapid rate than they can be replaced. Enemy air losses are now reported to exceed 1,200 planes. In the meantime, America is getting more ships and planes into the war zone and in future battles will be able to make a progressively better showing. This nation's rising air and sea power is giving the Japs cause for worry, and their worst fears are going to be realized.

HOARDED MONEY

Throughout the United States great quantities of money has gone into hiding. The Federal Reserve Board estimates that of a record total of $11,500,000,000 in circulation, $2,000,000,000 is being hoarded by Americans and foreigners. The underlying motive with Americans is fear—baseless fear of banks and of taxation, and among foreigners a desire to conceal assets from enemies.

So the sugar bowl, a mattress, a hole in the ground becomes insecure depositories for money that could be working for the hoarders and for the country in war bonds. The board isn't interested in having this money deposited in banks, even less in having it put into circulation. Either or both might contribute to inflation, it fears. The board wants it to go into war bonds.

An appalling amount of misinformation has been circulated about private funds. Characteristic is the baseless rumor that the government intends to levy on some of the money in individual savings accounts. How this myth started is a mystery baffling alike to government, banks and other agencies. No announcement of such a plan has been made.

This is but one of the by-products of the rumor factory that is keeping impressive amounts of money from the war effort. How the hoarded money will do any of its possessors any good if the enemy takes over the country is a collateral mystery that even the hoarders are unable to explain.

When money is put into government bonds, the money is instantly spent by the government, and thus becomes available for the purchase of more government bonds. When it is hoarded it is out of circulation and this cycle is stopped.

New York City, which abandoned its last horse car line several years ago, has now extinguished its last street gas lamp.

The Parent Problem

By Garry C. Myers, Ph. D.

TEACHING CHILD TO BE CONSIDERATE

Some weeks ago, for the first time in my life, I addressed a Parent-Teacher association on a Sunday evening. I spoke on "Our Children in These Times", and the final emphasis was the need of more religion in the family. I had also dwelt on the importance of bringing up our children to respect the rights and feelings of others, especially in these times. I said that we parents best succeed in this direction as we discipline ourselves to respect and protect the child's rights and feelings.

During the long period of answering questions from the audience, a mother who was holding a sleeping child of four on her lap said: "Please tell me in more detail just how to bring up this child to respect the rights and feelings of others." The youngster slept on as I replied.

Now and later on, you want your neighbors to speak well of your child, saying that they like to have her come into their house or on their premises, that she never bothers anybody on the street nor mars nor destroys anything in the neighborhood, nor uses nor takes anything which does not belong to her. You want the clerks in the neighborhood stores also to say similar complimentary things.

Behavior at School

To these ends you and your husband want to provide this child with a family atmosphere of understanding, security and love, always treating her as a precious person, answering all her questions kindly, listening attentively to what she has to say (and helping her to learn to listen to others also), never making fun of her or laughing at her blunders; dwelling lightly on her failures, helping her enjoy achievements, celebrating her successes.

Some years ago I wrote a prayer for myself as a parent. You may have a copy of this prayer, without cost to you, by writing me at 235 East 45th Street, New York, enclosing a self-addressed envelope with a three-cent stamp on it. Also a group of prayers for the young child.

Solving Parent Problems

Q. Are phonics valuable for help the child read and spell?

A. Yes; and phonics are coming back into the best schools all over the United States.

Q. Would you require some committing to memory of choice bits of prose and poetry, in the elementary grades?

A. Yes; bot I would make the range very wide and let the child choose an indicated number of subjects to be learned by heart, from among many selections. Unfortunately, the elementary school child is not expected, as a rule, to learn anything by heart, though memorizing choice selections from literature is often required in the high school, even in college—at the very time when doing so is often an arduous task.

INTERRUPTION

If there be builders here and there
And if all sense from this be lost,
If what I started to prepare
Apparently aside was tossed,
I've only this excuse to tell:
A merry, bright-eyed, little chap
Into my study came pell-mell
And climbed into his grandpa's lap.

His fingers roamed the metal keys
Which send the type to paper white
And this he shouted: "Grandpa, please
Just tell me words which I can write"
Although I ought to work, I knew,
I let the morning slip away,
And gave up what I'd planned to do
To settle down with him to play.

Oh, times like this are sad enough
And all have much to brave and care,
The news is filled with grievous stuff,
And great the burdens all must bear.
And so, it's good to sit and grin
A little while, though troubled tried,
And let a rougish child come in
To push your worries all aside.

The gastroscope is an ingenious device.

Through it a physician can see the inside of the stomach.

Some amazing and disquieting facts have thus been apprehended.

Americans surpass the world in fast living and early dying.

Many Americans have weak, nervous and diseased stomachs.

Americans do not exercise enough or they exercise too much.

They eat rich and racy foods and drink the "deadly cocktail."

Breakfast is eaten on the run and lunch is bolted.

A beefsteak dinner is consumed in about 15 minutes.

Pills or tablets are chewed for gas, sour stomach or heartburn.

Abuse of stomachs puts a dangerous strain on the heart.

Americans have good intelligence and poor digestion.

Cigarettes, already paying $600,000,000, to be taxed more. It's the old idea: when in doubt, soak the easy marks.

They talk about a woman's sphere
As though it had a limit;
There's not a place in earth or heaven,
There's not a task to mankind given;
There's not a blessing or woe,
There's not a whispered yes or no;
There's not a life, there's not a birth
That has a feather's weight of worth
Without some woman in it.

In some places the old farm dinner bells are being fixed up so they can be used to give alarms. They didn't alarm us much when we used to listen for them two hours before they rang.

Teems—Miss Coy, I'm a candidate for your hand.

Miss Coy—Very well. How much of an allowance do you promise to allot me a month, am I to be the boss of the house or are you, who is to do the cooking, how many days will I have off each week and what is your attitude toward members of my family who may want to live with us? In short, what is your platform?

In Washington it is declared that the people of this country are hoarding over two billion dollars. Bet the burglars will like to hear that.

BEDROOM FURNITURE

"I have an ugly Victorian bureau, the mirror of which goes up in a hideous steeple. Please suggest something I can substitute for it."—Mary.

Answer: Try a chest of drawers with a separate mirror hung above it. Such chests may be found in a great variety of styles to harmonize with various types of homes. But realize that if the room is small, a massive chest would be unsuited to it. Choose a design which is individual but not eccentric.

You might, if you prefer, and if it is a woman's room you are furnishing, have a dresser — one of those small kidney-shaped ones with a separate mirror and dainty skirt to match your curtains. Of course, a chest of drawers is more practical, since it has drawer space and a dresser has not.

Question: I have recently moved into a house in which there are built-in bookcases. They are very attractive, but too deep, causing my books to slide back. Can you suggest a remedy for this?—Lizbeth.

Answer: Tack strips of wood across the back of each shelf, leaving just enough room to suit the depth of the books that are to go on it. These strips will be hidden by the books. Or put in a double row of boons—the back rows including books least used and least valued.

Question: Could you suggest a method of making lamp cords inconspicuous, especially one attached to a lamp on a center table in the living room? I have no outlet and must attach the cord to my ceiling light.—Sally.

Answer: A dark cord will help to answer your purpose, but it will not be entirely inconspicuous. Why not place your table against a wall and have an outlet in the baseboard behind the table? Center tables are not now used in living rooms. If for some reason you must keep the table in the center of your room, place on it a vase of flowers or an ornament, rather than a lamp. And allow your lighting to come from your floor lamps.

WANTED INSTRUCTIONS

The doctor's wife who had advertised for a girl to do housework was showing an applicant over the house. She had been liberal in her promises of privileges and it looked as though the two were going to come to an agreement when the girl asked: "Do you do your own stretchin'?" "Do we do our own what?" asked the puzzled mistress. "Do you put all the grub on the table and stretch for it, or do I have to shuffle it around?"

"But such a bed will not be very comfortable," the clerk objected.

"Exactly the way I want it," the woman said.

Sgt.: "Say Johnny, if you eat any more pie you'll burst."

Johnny: "Well, pass the pie and get out of the way."

War Emergency Has Its Funny Side
Film Head Says Ayres Has Phobia
Wives Can't Sew Cuffs On Trousers

By CHARLES P. STEWART
Central Press Columnist

WASHINGTON, April 17.—Growing out of emergency, more funny little things are being said and done these times than it would be easy to shake a stick at. As genuine news, they're worth only a few words, or at most, a few paragraphs apiece, but they are queer, at that.

Illustratively, in a period of normalcy Comrade Maxim Litvinov, Russia's ambassador in Washington, surely wouldn't have expressed himself as he did the other day. A short while ago Soviet Foreign Affairs Vice Commissar S. A. Losovsky broadcast an estimate of the number of Germans slain on that front in recent fighting ,and Berlin disputed the figure he named. Ambassador Litvinov was consulted on the subject by American newspapermen. "Oh, well," he answered, rather impatiently, "they were slightly killed, anyway."

It was down at Miami that an interview was obtained from President Nicholas Schenck of the film company which hitherto has employed Lew Ayers, the movie star, previously committed to a conscientious objectors' camp for refusing military service against the enemy. "I don't for one minute defend the guy's views," commented Nick, "but I do have a certain sympathy for him personally, because he can't help that anti-killing complex he's got. It's a phobia with him."

Warning to Wives

The War Production Board issued a formal warning to American wives, within a week or two, not to sew cuffs onto their husbands' pants. Cuffless suits having been decreed, as a wartime measure to economize on the goods they're made of, it appears that quite a high proportion of tailors are turning out pants unfinished at the anikes, but are delivering 'em to customers to an accompaniment of raw material for prospective wearers' wives to stitch on. If the wives do it, the WPB's official release informs 'em, they'll lay themselves open to federal prosecution.

It doesn't greatly matter now, with warm weather almost at hand, but it's an item of interest that next winter, when colds in the head begin to be rife, there's a prospect of a famine in quinine pills. Dr. Marston T. Bogert, army chemical warfare service consultant, stated that experts are on the trail of some sort of synthetic stuff, but they haven't hit on it yet. That is, they've evolved a substitute for the old-fashioned article, but it's too strong to be monkeyed with except under a competent practitioner's supervision. It won't be safe for a sufferer from sniffles to dose himself, directly from his mere druggist's shelf. He may have trouble in finding a doc to advise him, too. The government's conscripting medicos wholesale, to prescribe for Uncle Sam's soldiery.

As we send more and more expeditionaries overseas, there's a forecast of complications relative to our Yankee boys' acquaintanceships with the local girls.

The matter's one of a bit of diplomatic discussion between Washinton and North Ireland, Iceland and Australia already. As AEF-ers our kids obviously are more welcome than flowers in spring, but there are gentle hints that their popularity with the fair sex frets local masculinity a trifle. Moreover, it's mildly implied that our lads incline to take advantage of it all they can.

Gold Worries

The shrinkage in our gold hoard worries the treasury somewhat. Good gosh It's down to nothing but a skimpy little $22,060,000,000. That's mentioned as if it were less than a silver quarter in one of our pockets.

There's a redeeming feature in the situation. Economists have decided on a method of preventing inflation. It's to keep wages, farm prices and industrial profits on an even basis with one another. The only puzzle is how to KEEP 'em there. That hasn't been solved yet. It's recognized, though, as quite an important detail.

And don't forget that it's frightfully unpatriotic today to say that we're in no danger of a rubber shortage.

It isn't a mere matter of a difference of opinion.

It's become subversive to assert that we're in no rubber jeopardy.

That's what Commerce Secretary Jesse Jones did, as a result of which Editor Eugene Meyer so panned Jesse in the columns of his Washington Post that Jesse and Eugene had their memorable physical scrap at a Washington banquet of the Alfalfa club—a physical encounter between a cabinet member and one of the foremost publishers, with other cabinet members, supreme court justices and miscellaneous notabilities looking on.

Ain't it queer?

Bible Thought For Today

Don't destroy the faith of a child by word or act, by example. Some child thinks you great and strong and heroic, don't betray the child: But whoso shall offend one of these little ones which believe in me, it were better for him that a mill stone were hanged about his neck, and that he were drowned in the depth of the sea.—Matt. 18:6.

Words Of Wisdom

Prosperity's right hand is industry, and her left hand is frugality.

Don't blame people who think we are safe. When an idea takes root in a mature mind, the owner has no control over it.

The World and the Mud Puddles

FEW LIKE HIM

Henry Ford is an old man. He will be eighty his next birthday.

Last year Uncle Sam gave him the job of building bombers.

Ford began work on one thousand acres of Michigan brush land. On it he built a steel and concrete factory so big that errands are run in standard-size automobiles.

Aircraft companies generally had used rubber dies to stamp out light metal—dies that wore out quickly. Ford made steel dies.

Plane builders had long been handicapped by flimsy jigs, constantly needing rechecking. Ford's new jigs are twenty tons of hard steel.

Ford has fashioned machines high as a two-story house. Automatic lathes and drills and reamers work on steel with the dexterity of human fingers.

Today, twelve months from the time he began clearing brush for his factory, Ford's plant is prepared to turn out a four-motor, long-range heavy bomber every two hours, day and night — the sort of bomber that can fly under its own power to any war zone on this 25,000-mile globe In the next twelve months, Ford can make more heavy bombers than exists in the world today.

Other automobile manufacturers have also performed marvels in turning to plane production and tank production. But somehow Henry Ford, the oldest of them, the greatest—the industrialist who so hates war that he refused to make war planes until convinced America was in danger — holds the mastery as he goes into the final years of his life.

A rugged individualist from boyhood, Henry Ford has made strong enemies as well as friends. But today, in his way, he is serving his country as effectively, if not as spectacularly, as the fighting men who man the bombers he turns out.

The flivver king of yesteryears is the MacArthur of the assembly line.

It might interest those who complain about the physical deterioration of American men to know that the average weight of the Civil War soldier was 136 pounds, the World War soldier 142 pounds, while the average soldier in the present war weighs 150 pounds.

Don't ever think that the soldier of today is a softie. A few weeks of training and the fat and softness of the average civilian are gone. Muscles, pep, and plenty of nerve have taken their place.

Never in the history of the country have sports and athletics been as popular as they are today.

Baseball, football, basketball, skiing, tennis, horseback riding, hiking, have become part of American life.

The enemy who thinks that America is a nation of lounge lizards, night club habitues and pleasure seekers has a great surprise in store.

He'll find out soon that America loves to play, loves to fight and knows how to fight.

Hints On Etiquette

A cheerful, affectionate wifely greeting at the door, in the hall, from dining room, or kitchen, is not only a courtesy to a husband, but a welcome home that assures him he is still the important person in her life. Such things are especially important in these tense days.

The rich are Britain's worst handicap. They'd risk losing the war rather than lose their investments in the Orient.

Standardization Moves Will Be Beneficial Is Belief Of Roger Babson

By ROGER W. BABSON
(Copyright—1942—Publishers Financial Bureau, Inc.)

WASHINGTON, D. C., April 17.—Rationing is becoming a familiar word in our speech. Now standardization is to be its twin in the vocabulary of our war economy. We

BABSON

"aint seen nothing yet" in the way of actual rationing or standardization. The necessity of doubling our industrial war production every 12 months and the importance of eliminating waste in luxury and non-essentials will shortly strip us of many things. Our heretofore free indulgence and mode of life, characterized by material abundance, should slowly but surely pass from the American family scene.

Face Facts, Forget Fancies

The U. S. A. has the greatest industrial production facilities in the world. It is also a large agrarian country although exceeded in this respect by India and Russia. Our industrial activity in the past has been devoted to the production of goods of a peaceful nature. Almost overnight we have been obliged to about face and turn our industrial capacities and our agricultural output into a vast coordinated machine for waging an offensive war.

Great Britain and the United States have been such powerful peace-time nations that they have underestimated the war preparations of other countries. Furthermore, they have relied too much upon sending a boy to do a man's work. This has been true in diplomatic functions, in the handling of production problems, and in the strategy employed in battle areas. The jolts and jars of recent weeks have done much to wake us up. We now face facts rather than a continuance of fancy living. No longer will it be possible or fashionable to have two cars in the garage, two maids in the kitchen, and two mortgages on the house!

Frills Are Out

The elimination of waste in all forms is an important factor in winning the war. We should voluntarily give up the luxuries and non-essentials, the production of which interferes with war needs. It is necessary to provide labor supplies and productive facilities and storage space for the more important needs of war production. Hence, we have restrictions and standardizations in many, many lines of consumer goods.

Women's skirts will get shorter and their stockings may disappear. Men's suits, while pretty well standardized, will be cut on new lines to conserve cloth. Many liquid foodstuffs will appear as dried varieties packed in paper rather than in metal containers. Plywood and plastics will become standard substitutes for many metal products. This will help certain wood working and chemical companies which are now being converted into sources of new supplies.

Get Accustomed To Changes

Consumer goods, especially personal and household effects, will show marked changes. Living habits and standards must be revised for the duration. Only in a broad general fashion do householders and civilians now know what's ahead for them. To the casual shopper, most department store and other retail shelves appear comfortably filled. Watch out, however, for scarcities when replacements become necessary. Substitutes and simpler standardized products will, however, be available and serve the purpose of countless present products.

This entire column could be devoted to lists of everyday items due for changes. In addition to the few already mentioned, there may be noted table silver, linens and blankets, kitchen utensils, personal clothing, furniture, tools, laundry necessities, electrical and mechanical appliances, dyes, medical and pharmaceutical supplies, building supplies, sporting goods and various foodstuffs. English families have discovered how well they can get along on how little. It has made them healthier and given them a direct part in their country's war effort. Surely we can do as well.

Good For Corporations

Manufacturers of consumer goods, now handicapped by price ceilings, will find out in substitutes and in standardization. Priority restrictions on raw materials and price restrictions on finished products have raised havoc with manufacturing costs. Added to everything else has been rising wages and taxes. However, the simplification of merchandise, the use of substitutes, and the employment of more women will do much to maintain and even increase corporate profits.

The standardization of hundreds of consumer goods products will increase mass production possibilities. It will also eliminate many competitive practices. There is hardly a manufactured article of personal use which cannot be standardized and simplified and still serve its useful purpose. Beautiful brochures, gaudy paint and my granddaughter's costume jewelry may go by the board, but as sure as the sun will rise tomorrow the child will be just as happy with simpler substitutes. In spite of taxes and restrictions, I continue bullish on corporation profits and dividends. Standardization and simplification will do much for them and for us all. Not only has every cloud a silver lining, but it's hard to lick our ingenious engineers and manufacturers.

FEDERATION PLANS SPRING MEETING

Mrs. I. Miller Henley, president of the Lawrence County Federation of Women's Clubs, announced today that the annual Spring Meeting of the Federation, will take place on Tuesday, April 21, in the Y. W. C. A. Auditorium, starting with registration at 10 o'clock.

The sessions will start at 10:30 o'clock with the invocation by Dr. Robert Meade Patterson, pastor of the Central Presbyterian church. The morning session will include the business meeting with reports of chairmen of the various departments, followed by a luncheon at 12:30 o'clock.

The afternoon program will start at 2 o'clock, and will be featured by a program of special music.

Reservations are being taken by Mrs. Raymond Webb, of 1614 Carlisle street.

Miss Ruth Roth, of Pittsburgh, state nutritionist, well known to a large number of club women in Lawrence county, will be the special speaker, and will talk on the subject, "Nutrition for Victory."

The Junior Reading Circle will serve as hostess club for this spring meeting.

S. C. Birthday Dinner

The S. C. club had a chicken dinner on Tuesday evening in honor of Mrs. Isabelle Ralston at her home in Enon Valley.

The hostess' sister-in-law, Mrs. Archie Stewart, assisted her.

On April 28 there will be a meeting of the S. C. club at Mrs. Frances Augustyn's, North Liberty street.

KING'S DAUGHTERS' TUREEN LUNCHEON

The King's Daughters Bible class of the First Baptist church held a tureen luncheon meeting in the church dining room Thursday at noon.

Business was in charge of Mrs. Harry Ward, the new president. Mrs. J. N. Kerr, with Mrs. C. W. Marks assisting, had devotions.

An informal social time, in which three out-of-town guests shared, followed luncheon and business. These were: Mrs. J. H. Wirsing, of Pittsburgh, a former New Castle resident; Mrs. Mary Yoho, of Aliquippa, who is visiting Mrs. Harry Black; and Mrs. Della Haer, of Indiana, who is the guest of Mrs. C. W. Marks.

Civilian Defense In Pennsylvania Is One Year Old

(International News Service)

HARRISBURG, April 17—Civilian defense in Pennsylvania is one year old today.

Just a year ago, Gov. Arthur H. James set the program in motion by establishing the state council of defense under authority given him a month earlier by unanimous action of the legislature.

Established when the nation was at peace as insurance against threatening events of the future, Pennsylvania's wartime organization today is composed of more than 800 local, county and district councils.

Nearly a half-million volunteer workers are now engaged in civilian activities in Pennsylvania, ranging from air spotting to victory garden work.

New powers have recently been bestowed upon the civilian defense organization in line with legislation approved by the special session of the legislature before it adjourned last Saturday. Defense councils are now authorized to adopt and enforce regulations affecting blackouts and other emergencies, with stiff penalties prescribed for violators. In addition, local governments are authorized to allocate funds for civilian defense expenses.

The administrative work of the state defense council, the commonwealth's central coordinating agency, is in the hands of Dr. Arnaud C. Marts, of Lewisburg, president of Bucknell University, who acts as its executive director.

The state is presently engaged in recruiting and training 700,000 protective workers in 15 defense corps units. By March 31 citizens' defense corps volunteers totaled 330,261. The greatest number, 112,001, are air raid wardens. In addition there are 47,259 auxiliary firemen and 41,902 auxiliary police.

College Mermaids To Give Pageant

Will Be Staged At College Pool At Westminster On April 21, 22 And 24

(Special To The News)

NEW WILMINGTON, Pa., April 17.—A colorful "Bubble Brigade" will be presented by 45 coeds of the Mermaid club in the Westminster College pool here April 21, 22, and 24. The pageant will be directed by Miss Barbara Buzby, daughter of Mr. and Mrs. C. E. Buzby, 215 Lansdowne avenue, Wayne, who is president of Mermaids.

Helen Francis, New Wilmington, and Florence Menoher, Ligonier, will do a comedy act, and a specialty number will be performed by Harriet Boozell, Pittsburgh, Helen Francis, Florence Mencher, Wilda Stewart, and Marilyn Pearce, New Castle, Katherine White, Sharon, Betsy Sturgeon, Aspinwall, and Jane Sinewe, Verona. The swimmers will wear blue satin-lastex bathing suits.

The decorations, having marine life as a theme, are under the supervision of Wilda Stewart and Joan Thompson, New Castle, who also have charge of the tickets and publicity. Peggy Byers, Scottdale, and Eliner Toy, Wilkinsburg, are helping with the artistic work. The performance will be accompanied by music.

The club has planned to repeat the show Friday night for the mothers who will be on the campus the night before Mothers' Day, April 25.

Canadian Will Speak Here At Mass Meeting

Local ministers, in collaberation with the Pennsylvania Anti-Saloon League, have arranged to have the renowned Ben H. Spence of Canada, address a mass meeting here April 23. The meeting will be held in the First Methodist church and is scheduled to begin at 7:30 p. m.

Mr. Spence is noted both in Canada and the United States for his clear and interesting analysis of a great national problem.

This is the second series of addresses by Mr. Spence in Pennsylvania and will include several schools and colleges of Western Pennsylvania.

The speaker will be accompanied by Dr. Wm. P. McGarey of Pittsburgh.

LAST CALL TO REGISTER

This is the last call to register. Perhaps we have been bearing down a little on the subject but not after today. Saturday, April 18, which is tomorrow, is the last day you can register to vote on May 19. Not only that but it is the last day you can change your party affiliation or address.

The office of permanent registration will be open tonight until 9 o'clock to accommodate those unable to get into the office during business hours. Then tomorrow the office will be open until 6 o'clock. That's the finish.

Those citizens who are not registered by Saturday night at closing time can go fishing on May 19. They certainly won't vote. To reiterate, this is the last call to register or change your party affiliation or address. The barrier goes up Saturday night.

ART AND CARPENTERS

Art isn't confined to painting pictures or writing books, or music. There is art in almost every line of endeavor. A good farmer is an artist in his line, so is a plumber, a plasterer or a carpenter. Just now there is a good example of the carpentry art being displayed in the court house.

The wood panelling is being put on in the corridor and it is being installed so skilfully thta it looks almost like one huge piece.

When the work is finished the results will show but watching those lads with the hammers and saws is to watch an artist composing a fine bit of work.

FORMER RESIDENT IS BURIED TODAY

Mrs. Louise Orr, a former resident of New Castle, Pa., passed away Wednesday afternoon, April 15, at the home of her daughter, Mrs. Louise Orr Smith, in Los Angeles, California.

Army Bomber Pilots Cited For "Gallantry In Action"

Silver Stars Are Awarded

Recognition Given For Dive Bombing Attack Off Bali, February 20

ONE OF AWARDS IS POSTHUMOUS

By LEE VAN ATTA
(International News Service)
Staff Correspondent

UNITED NATIONS HEADQUARTERS, Somewhere in Australia, April 17. — **Seven United States Army bomber pilots have been awarded silver stars for "gallantry in action" in connection with a dive bombing attack against Japanese vessels off Bali February 20, it was announced today.**

The awards were issued on the recommendation of Maj. Gen. Lewis Brereton, former commander of the United States air forces in the Far East, but presently commanding American bombardment forces in India.

One Posthumously

One of the pilots—Lieut. Douglas Tubb of Smithville, Miss.—received his award posthumously. Tubb was killed when his plane crashed into the water during the raid.

Other recipients were Maj. Edward Backus, Capt. Harry Galusha, Lieut. Julius Summers, Lieut. Robert Hambaugh, Lieut. James Ferguson and Lieut. R. H. Launder. Galusha's home is in Little Rock, Ark., Summers is from Sommerville, Tenn., and Ferguson from Deep River, Conn. Addresses of the other three men were not learned.

Nine direct hits were scored by the American war birds in the spectacular smash against the Japanese vessels, four of which were damaged "considerably."

Crash Landing

Lieutenant Launder had to make a crash landing on a beach at Bali while returning to Java after the raid. He was able to get back to his base in a small boat, however. All of the other flyers returned safely with the exception of Tubb.

For Captain Galusha and Lieutenant Summers, the silver stars were the second major awards in an exceptionally short time. Both previously were awarded the distinguished flying cross by Lieut. Gen. George H. Brett, commander of all United Nations air forces in the southwest Pacific, for "extraordinary heroism against an armed enemy."

Lawrence County Zionist District Speaker At Temple Israel, Monday Evening

MAURICE SAMUEL

Maurice Samuel of New York City, author and lecturer, will deliver an address at Temple Israel on Monday evening, April 20, 1942, at 8:30.

Mr. Samuel was educated at English and French universities and has traveled extensively in Europe, Africa and Palestine. He has contributed a series of original studies including "You Gentiles", "The Great Hatred" and "I, the Jew" and has translated into English Sholem Asch's novel "The Nazarene".

The public is invited to the meeting, held under the auspices of the Lawrence county Zionist district.

State Forensic, Music Finals At Bloomsburg

HARRISBURG, April 17—Bloomsburg will be the meeting place of the entrants in the 15th annual Pennsylvania Forensic and Music league state contest Friday and Saturday, April 24-25, according to the State Department of Commerce.

The contest will climax three weeks of competitive events in counties and districts, and officials predict approximately 6,000 will be in Bloomsburg for the state finals. Events are so numerous that facilities in Bloomsburg's high schools, churches and at the State Teachers college will be used.

The contest is sponsored each year by the extension division of the University of Pittsburgh.

New York Pastor To Deliver Address At Pitt Graduation

PITTSBURGH, Pa., April 17—Dr. Ralph W. Sockman, pastor of Christ Church, New York City, will deliver the baccalaureate address at the University of Pittsburgh's combined baccalaureate and commencement exercises for undergraduate schools, officials announce.

Exercises will be held in Soldiers' and Sailors' Memorial hall Sunday, April 26, at 10:30 a. m. Commencement was originally scheduled for June 10, but when the program of classes was accelerated due to the war the new date was set.

Dr. Sockman will address 660 seniors from the undergraduate schools, including the College, School of Business Administration, School of Education, Schools of Engineering and Mines, and School of Nursing. Commencement for the Graduate School and all professional schools will be held June 1.

A graduate of Ohio Wesleyan, Dr. Sockman earned M. A. and Ph. D. degrees at Columbia University. He served as a member of the Y. M. C. A. staff in France during World War I.

Admission to commencement on April 26 will be by ticket only. Because of limited seating facilities, each senior has been given three tickets. No other tickets will be available, officials say.

Garage Burns At Harrisville

GROVE CITY, April 17.—Origin of a fire that destroyed the garage building of the Specht Motor Co., at Harrisville, with three 1940 automobiles, and supplies of used tires, oils and greases, along with tools and equipment, has not been determined. The loss was estimated at more than $10,000.

The blaze apparently started in a room containing old auto tires, some 12 hours after any employes had been in the garage.

Coast Guard Plane Crashes Off Coast

Body Of Radio Operator Is Recovered—Seek Bodies Of Two Others

(International News Service)

NEW YORK, April 17.—With the body of the radio operator recovered, the navy today intensified their search for the other two members of a United States coast guard amphibian plane which crashed into the sea in the vicinity of Gay Head, Martha's Vineyard, Mass.

The body of William A. Boutillier, 28-year-old radio man, first class, of Walla Walla, Wash., was discovered washed up on the beach at Lobsterville, near Gay Head. A life belt was around his waist.

The pilot, Robert James Lafferty, 28, Port Washington, Long Island, N. Y., and Stephen John Tarapchak, 37, Brooklyn, aviation machinist mate, first class, are missing and feared dead.

The navy announced that one wheel and one pontoon of the plane, which operated out of the Brooklyn, N. Y., coast guard air station, were also washed ashore on the Lobsterville beach. No other wreckage was discovered.

LOCOMOTIVE ORDERS SOAR

(International News Service)

WASHINGTON—At the end of February there were 1,278 locomotives of all types on order in the United States compared with 515 the year previous, according to the department of commerce.

Martin Luther was 39 years old when he was excommunicated from the Roman Catholic church in 1522.

Book Is Cited By Educators

PITTSBURGH, Pa., April 17—"Successful Teaching in Physical Education," a book written last year by Dr. E. C. Davis, head of the department of physical education at the University of Pittsburgh, and John D. Lawther, professor in physical education and basketball coach at Penn State, has been chose as one of the 60 best educational books of 1941, the National Education Association has announced.

The book was chosen by 200 specialists from the American Library Association and the National Education Association.

Dr. Davis, a graduate of the University of Washington, University of Chicago, and Columbia, has been at the University of Pittsburgh since 1940. Lawther, a graduate of Westminster College, Chicago, Columbia, and New York University, was a coach and professor at Westminster College for 11 years before going to Penn State in 1936.

HEN AIDS WAR EFFORT

(International News Service)

LONDON—At least one British hen is doing her part to alleviate the serious egg shortage now current in this country.

Three people in a Yorkshire town recently sat down to a breakfast of one egg each—but all three eggs came from the same shell.

For the first time in history of hen-keeping in Britain three separate and large-size yolks had been produced in the same egg.

Forty-Hour Week Law Is Nearing Test In Congress

By WILLIAM S. NEAL
International News Service
Staff Correspondent

WASHINGTON, April 17.—Congressional sentiment today appeared to be shifting toward retention of the 40-hour week law, with the issue nearing a test in the house naval affairs committee and certain to be raised in the senate next week.

The senate labor committee agreed to meet Monday to consider recommending a new labor bill, designed to "freeze" wages and open and closed shop conditions in war industries, but took no action on proposals for a 48-hour week without overtime. Some committee members who favor legislation predicted that the committee will reject proposed amendments to suspend the 40-hour week law.

The house naval affairs committee also had before it a substitute for the Vinson labor-profits limitations bill which omitted any change in the 40-hour week. The proposal of Chairman Vinson (D) Ga., for a 48-hour week and an eight per cent limit on profits on war contracts, will be considered, however.

Meantime, a 48-man joint senate-house conference committee was expected to consider a house proposal to write a profit limitation amendment in the $19,000,000,000 war appropriation bill.

Despite administration opposition, members said that strong sentiment existed for a profit limitation.

The senate labor committee will consider a revised Ball bill framed by a subcommittee headed by Sen. Hill (D) Ala.

Sylvan Heights Opens Tomorrow

Manager Ham Haycock of the Sylvan Heights golf course, this city's own playground, announced today that the course will be opened officially tomorrow and that the course is in excellent condition for play.

With favorable weather over the week-end a big play is looked for.

BURMA DEFENDERS BEING FORCED BACK BY ENEMY TROOPS

(Continued From Page One)

the Salween front where Jap reinforcements were believed to be especially heavy. British forces in the Taungdwingyi area were reported to be holding their positions, thus covering the Chinese right flank. Earlier, it was announced that the rapid British withdrawal in the Irrawaddy valley had left the Chinese flank "completely exposed."

The front now runs across Burma from a point above Magwei southeast to Thagaya on the Rangoon-Mandalay railway, where the Chinese are reported putting up stubborn resistance to the Japanese drive.

Near Immediate Goal

Thagaya is 15 miles south of Pyinmana, an important railroad junction which is the immediate goal of the invaders in eastern Burma, according to authoritative British sources.

Farther east, among the Thai border, the Chinese are holding a road that runs from Bawlake northward to Loikaw. Japanese pressure in this area is reported to be heavy, menacing the eastern wing of the Chinese line.

In the Taungdwangyi area, the Imperial forces are still protecting the right flanks of the Chinese expeditionary forces successfully, the communique announced

After inflicting severe casualties on the Japanese, the protecting British regiment withdrew successfully by night from Myingun and rejoined the rest of the Imperial forces, it was said.

"This regiment distinguished itself in this gallant action with great determination and bravery and suffered very little loss," the communique declared.

Successful united nations air reconnaissance over enemy territory was conducted yesterday "with excellent results," the report added.

Flyers of the American volnteer group destroyed six Jap Zero planes and the R. A. F. accounted for one Zero, damaging two others, in attacks on a Jap-held northern Burma airfield April 10, it was announced. Only one allied plane was lost in the engagement.

Eighteen Get Limit First Day

Trout season so far has not been a disappointment to fishermen in the opinion of Fish Warden Clint White.

He said today that, on the opening day he discovered 18 persons who had caught the limit up to 9 a. m. He checked three streams.

The largest trout he saw was 16½ inches caught by Ed. Pritchard of Wheatland.

All the trout stocked this year were of legal size, he asserted.

The government is getting tough. When a worker deliberately spoils a batch of metal, he is rebuked very crossly.

BUNNY FACES THEFT TRIAL

Arabella (Bunny) Hartley, above, blond, 22-year-old model, goes on trial April 23 in Chicago municipal court on a charge of stealing $200 from the trousers of Al Rosen, theatrical producer, as he took a shower in a hotel. Rosen charges he was taking a shower when Miss Hartley came to his room to discuss a part in a play and that when he emerged from the shower Miss Hartley was gone and so, he says, was his $200.

ARMY IS NEAR READINESS FOR U. S. OFFENSIVE

(Continued from Page One)

Filipino troops and 25,000 civilians were on the peninsula when the Japs took it over, the communique stated.

The communique also disclosed that the major units on Bataan at that time were the 31st infantry, provision tank group, including National Guard units, provisional anti-aircraft brigade, including National Guard units, 26th cavalry Philippine scouts, 45th infantry Philippine scouts, 57th infantry Philippine scouts, 14th engineer battalion Philippine scouts, third engineer battalion, 12th medical battalion, provision signal battalion, fifth interceptor command and motor transport service.

Over 5,000 Sick-Wounded

It was stated that among those trapped on the peninsula were 5,536 sick and wounded.

Stimson, pointing out the difficulties under which democracies must labor when they go to war, intimated that the nation's armed forces may be expected soon to take the offensive against Japan and the Axis partners.

At the same time, Stimson assured the public at his regular press conference that Gen. Douglas MacArthur is and has been the supreme commander of United Nations forces in the southwest Pacific.

Deplores Report

Deploring reports from Australia that MacArthur has not been directed officially to take over his command, Stimson declared:

"There never has been, from the beginning, when Gen. MacArthur was ordered by the president to move his headquarters from Corregidor to Australia, any idea except that he would have overall strategic command in that area."

Details of MacArthur's command have been worked out, Stimson added, stating that a "directive" has been made out since April 3 and has been approved by all the nations involved.

MacArthur In Command

"In order to settle definitely what I regard as more or less of a tempest in a teapot. I can tell you without violating military confidence that Gen. MacArthur's command closely approximates that which the United Nations gave to Gen. Wavell in much the same area," Stimson said.

Regarding the anticipated offensive, Stimson declared:

"I think I can tell you today that to me in my lookout post in the war department things are beginning to move in the right direction."

The secretary stated that the morale of America's troops is high.

"I think that no one of you who comes in contact with our growing armies today will raise that question with me today," Stimson said.

HENDERSON FOR NEW TAX BOOST

(Continued From Page One)

to double the already heavily increased lower and middle bracket personal income tax be approved? Most members are inclined to believe that while these levies will be boosted considerably, the committee will not go as far as the treasury has asked.

3. Shall approval be given to the plan to collect at least part of the new income taxes at the source through payroll deductions and other withholding levies? If the vote were taken today, most members believe that this treasury proposal would be refused.

4. Shall the committee accept the treasury's plan to increase normal corporate income taxes from 24 to 55 percent and raise the top excess profits rate from 60 to 75 percent? Many members favor a smaller increase in the normal levy and an even stiffer jump in the tax on excess profits.

5. Shall approval be given to the proposal that corporations set up "post war nest eggs" by compulsory savings? Support for this plan, similar to one in England, appears to be growing.

6. Shall husbands and wives be compelled to file joint income tax returns, thus placing them in higher tax brackets? This proposal was defeated by close vote last year and looms as one of the most controversial issues this session.

Ellwood City Makes Record

Huge Amount Of Scrap Metal Is Collected In Two Day Period

With only partial returns in on the scrap collection in Ellwood City Wednesday and Thursday, the boro seems to have crashed through with a high record of collection not alone a local high record but it may very well prove to be a national record.

The total of metal scrap collected in Ellwood City thus far is approximately 64 tons, or an average of 11 pounds per person. Included in the total was the Ellport boro collection but the over all average is 11 pounds per person. Compared to this, Youngstown collected 35 tons and Pittsburgh collected about 1000 tons of combined metal, rubber and rag junk, an average of three pounds per person.

Other Boros Today

The other boros of the county except South New Castle boro are being covered today and tomorrow, and on Monday, April 20, New Castle's drive will start. New Castle is out to equal or better the record of Ellwood City, per capita, and the townships claim they will really show the committee something during the week of April 27.

All scrap is being paid for by the collectors as they call at the homes. The collector weighs the scrap and pays the householder the prices agreed upon some time ago. Each householder is given a window stick which it is urged will be placed in the window. The sticker has the line on it "Will Lawrence County Get in the Scrap?" Under it is a picture of a tank and on the tank is the word "YES."

These stickers indicate that the householder is co-operating in the scrap drive and it is urged that the householder display them in the window.

The campaign has gotten away to a fine start due to the exceptional spirt of co-operation displayed by the Ellwood City residents. Now it's up to the balance of the county to keep up the good work.

FRENCH CABINET MEMBERS RESIGN AS PETAIN QUITS

(Continued from Page One)

Pierre Laval, champion of collaboration with Germany, was slated to hold a high post.

Darlin headed the group of ministers which met at 10:30 a. m. with Marshal Petain at the Pavillon Sevigne and formally submitted the resignations to the chief of state.

"In view of the grave circumstances," said Darlan, "it seems for our country's good that members of the cabinet, according to the wish of the marshal, should resign."

Petain had requested the resignations earlier in the week after several conferences with Darlan and Laval and an announcement that another government would be formed on a "new foundation."

Names Darlan

Petain himself named Darlan as successor-designate to the post of chief of state. As Vice Premeir Darlan held the portfolios of secretary for foreign affairs and for the navy.

In addition to becoming successor-designate, Darlan agreed to function as commander-in-chief of France's land, air and sea forces.

Darlan sent a letter to Petain yesterday in which he said:

"In the grave circumstances through which we are passing, I consider it my duty, in order to enable you to make decisions which you consider in the best national interest, to ask you to be good enough to accept my resignation.

"Thanking you for the confidence with which you are good enough to honor me, I beg you ... to accept my entire devotion and deep respect."

An official communique announced that Darlan had handed to Petain the portfolios of secretary of navy and foreign affairs which he held in the government now dissolved.

The communique added:

"Darlan is successor-designate to the chief of state at the request of the marshal and consented to assume under his direct authority the functions of commander-in-chief of land, air and sea forces.

"All ministers and secretaries of the state placed their portfolios at the disposal of the chief of state.

"Petain then tanked Darlan and the secretaries of the state for the devoted help which they had given him in the grave cirsumstances through which the country is passing."

Arthur E. Evans Dies In Cleveland

Arthur E. Evans, a former resident of New Castle, Pa., and for the past 33 years a resident of Aliquippa, Pa., died in the Cleveland Clinic hospital, Cleveland, Thursday, April 16, at 10:10 a. m. following an operation.

He had been in the hospital for the past 10 days. He had been employed as a roller in the Hot Mills of the Jones & Laughlin Steels Mills here for the past 30 years although he had not been able to work since 1939.

He was born January 18, 1882, at Nanticoke, Pa., and was the son of the late Daniel and Anna Davis Evans. He was a member of the Episcopal church of New Castle, Pa. His wife, Mrs. Anna Harris-Evans died January 30, 1927.

He is survived by the following: two sons, Harris Evans of R. D. No. 2, Aliquippa, Pa., and Verwig Evans of 2102 McMinn street, Aliquippa, Pa., where friends will be received.

Funeral services will be held on Sunday, April 19, at 2:30 p. m.

He was a member of Aliquippa Lodge No. 1221 B. P. O. E. And a Spanish American War Veteran. Enlisted as a private in Co. B, Ninth Regiment of Pennsylvania Volunteers. Enlisted June 21, 1898, and was discharged October 29, 1898.

Court Rules Woman Must Not Annoy Any Of Neighbors

(International News Service)

MEDIA, Pa., April 17.—Henceforth Mrs. Bobbe Ernst, of Brookline, must confine her Marimba "concerts" to court-designated hours and must never play in a manner aimed at annoying her neighbors.

In his decision, Judge Harold L. Ervin today observed that some methods of playing the Marimba, an instrument similar to an Xylophone, were comparable to "Chinese water torture." That's exactly what Mrs. Ernst's neighbors thought when they complained in court that the defendant played loudly and late at night with the specific purpose of disturbing them.

The court also specified that the Marimba in Mrs. Ernst's home may not be played more than three hours on any one day, nor more than one hour at a stretch. Loud playing is taboo at all times.

"The situation presented in this case," said Judge Ervin, "is similar to that employed in certain parts of the world where a person is compelled to remain in a certain position and have drops of water fall continuously upon his head.

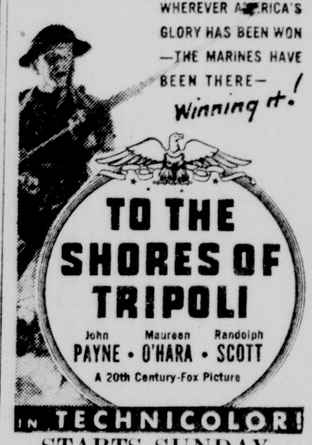

"At first, no harmful results are felt. As the process is continued, however, the victim at first becomes nervous and then, by various stages, is brought to a condition of insanity and finally to death."

In their complaint, the neighbors admitted reaching the midway point.

Red Cross Women Get Recognition

Those Rendering Volunteer Service At Chapter House Get Service Pins

Since Pearl Harbor, a group of Lawrence county women have been serving in the capacity of staff assistants in the Lawrence county chapter of the American Red Cross. These women have covered the information desk, handled the switch board, and have done a multiple number of office tasks which have arisen due to the pressure of work.

At the same time the staff assistance corps was organized, Mrs. Robert M. Garland, chairman of knitting, and Mrs. Harold Wharton, chairman of production, formed daily groups to function in both departments, taking care of the incoming articles and outgoing materials relieving the chapter staff of this work.

As all materials have been purchased by the U. S. Government, and given to the Red Cross, very elaborate records must be kept and, therefore, a small group of women was organized to do nothing but this clerical detail.

In a chapter ceremony called by Mrs. John E. Elliott, chairman, all volunteer services, these volunteers were awarded their staff assistant pins production pins. These honors mark a completion of a total of 150 hours of service and a future service of at least three years of 300 hours a year.

At the ceremony the following women received these honors:

Staff assistance: Mrs. Guy McCracken, Mrs. Arthur Foster, Mrs. J. B. Foster, Mrs. Clyde Smith, Miss Edna Weide, Mrs. R. P. Bates, Mrs. John C. Syling, Mrs. John Woods, Mrs. W. Chapman, Mrs. Harry Dinsmore, Mrs. R. Gowell, Mrs. Ethel L. Blim, Mrs. Earl Reeves, Mrs. John Preston, Mrs. Thomas Kelly, Mrs. C. G. Snyder.

Administration pin: Mrs. Harold Leach.

Production (knitting)—Mrs. Walter Fulkerson, Mrs. William Young, Mrs. Maurice Boyd, Mrs. H. J. Reynolds, Mrs. Jay White.

Production (sewing)—Mrs. Elmer Menger, Mrs. Charles Wetmore, Mrs. Roger Jewett, Mrs. John Rodgers, Mrs. Warren Lindsey, Mrs. Myron Rice, Mrs. Richard Marquis, Mrs. Arthur Heizman, Mrs. Fred Lee, Mrs. Omer Mauck, Mrs. Albert Laurel, Mrs. Harold Sherman.

Horse-And-Buggy Revival Spurred By Tire Shortage

(International News Service)

NEW CITY, N. Y.—After an absence of at least 25 years, the horse-and-buggy this Spring is enjoying a comeback in Rockland County, New York.

With the advent of warmer weather and the desire of automobilists to conserve tires and gasoline dozens of horse drawn vehicles—phaetons, gigs and plainer types of carriages that have been idling in barns are on the road again.

In front of roadside restaurants it is not unusual nowadays to see three or four horse-and-buggies tied up, while the drivers are eating inside. Hitching posts have long since been removed, but several restaurant owners once again are thinking of installing a few. Meanwhile, horses are tied up to the nearest small tree about the restaurant property.

Many persons have taken to bicycling and frequently are seen racing the carriages as they did many years ago.

One filling station proprietor in nearby Nanuet expressed the opinion that the new buggy trade is more than just a passing fancy. In fact, he is thinking of offering hay and grain for sale in addition to gasoline and oil.

POLICE CHIEF ENLISTS

CAMP EDWARDS, Mass.—Sgt. J. C. Albert Langevin quit his job as police chief of Acushnet, joined the army and now he's playing a leading part in the instruction of officers and men of the new military police unit training at the Cape cantonment. Eighteen days after Sgt. Langevin enlisted he was promoted to his rank. His job in the army is to conduct classes in disarming prisoners, self-defense and hand to hand combat.

War Bodes No Good For Alaska's Bears And Seals

(International News Service)

NOME, Alaska, April 17.—The war is hard on Alaska's polar bears, seals and reindeer, too.

The War Department has placed orders for 5,000 pairs of mukluks—skin boots—as well as quantities of fur parkas and breeches, caps and mittens. To meet the demand, Eskimos are hunting polar bears, wolves, seals and reindeer as never before.

Skins are sent to Nome, where they are tanned and cut to size. Then they are parceled out to small communities, where native women and children sew them with reindeer sinews for thread. Part of the job is chewing the leather to make it more pliable.

When the garments are completed they are returned to Nome, inspected and turned over to the Quartermaster Corps of the army. Although the work is slow it is reported to be precise, and the garments last.

Sugar Rationing Plans Made For Pennsylvania

(International News Service)

PHILADELPHIA, Pa., April 17.—State Rationing Administrator T. Elmer Transeau, in cooperation with a number of field men from the Office of Price Administration here, today began a final state-wide check-up of preparations for sugar rationing in Pennsylvania.

The vast machinery to be whipped into shape in the greatest registration in American history will be manned by some 30,000 men and women in this state alone with a probable total of well over 400,000 participants in the nation, according to Division of Information, Office for Emergency Management.

The system being set up by Transeau will cover the registration of retail and wholesale users of sugar on April 28 and 29 and of domestic users on May 4, 5, 6 and 7.

Retail and wholesale users of sugar, together with institutions and industrial users, will receive sugar purchase certificates with which they will make their purchases thereafter.

Domestic consumers, when they register, will be given a ration book with 28 stamps for each member of their family unit.

The stamps will be needed to buy household sugar after May 5, just as the purchase certificates will be necessary for commercial and industrial sugar.

All sales will be stopped between April 27 and May 5, Transeau pointed out.

Commercial registration will be conducted in the state's high schools while consumer registration will be handled in elementary and, in some cities, junior high schools.

In both instances, registrars will be chosen largely from school faculties.

The huge supply of printed forms needed in the two registrations are now, with a few exceptions, in the hands of the clerk of courts of each county in Pennsylvania or of the chairman of the county rationing boards.

Transeau has named the chairmen as permanent custodians of all forms, including the precious stamp books and purchase certificates which are to be kept under lock and key in central depositories until the eve of the registration days.

Authority will descend from the county boards to the local rationing boards, which have been organized for four months for the handling of tire and tube rationing.

Theirs will be the immediate responsibility of supervising the registration as it is conducted in the schools, where principals or other delegated members of the school staffs have been designated as school site administrators.

Slippery Rock Art Instructor Prize Winner

(Special To The News)

SLIPPERY ROCK, April 17.—George T. Miller, chairman of the Art Department of the State Teachers College, has proven to his students that he not only teaches art, but also wins prizes.

Inspired by the heavy snows a month ago, Mr. Miller began an oil painting of an imaginary old stone grist mill and near it in the foreground a large pond on which a group of men, women and children were skating. It was evident that they had arrived in sleights, and horse-drawn sleds for the day's sport.

Many of Mr. Miller's students watched from day to day the progress of the oil painting and were familiar with its every detail.

The picture entered in the eighth annual exhibition of the Associated Artists of Butler County under the name "Rural Icecarades," was, among a hundred entrants, awarded first prize.

Several years ago Mr. Miller's painting "Christleys Mill," won second prize in the same annual show.

HOTEL DIRECTORS NAMED FOR YEAR

Annual Meeting Of Stockholders Of The Castleton Held Last Night

Directors were elected by the stockholders of The Castleton Hotel Thursday night when the annual meeting was held in the ballroom of the hotel, P. J. Flaherty, president of the board presided.

The annual statement of the hotel was presented and a short discussion held. The statement shows the hotel to be in sound condition. During the evening Mr. Flaherty told the stockholders that some major improvements would be started shortly. The present dining room will be divided to make a grill room and a dining room and the lounge will be made into a refreshment room.

Mr. Flaherty introduced DeWayne Shaw, the manager who took over the hotel shortly after the first of the year. Mr. Shaw is a Lawrence County man but has wide experience in hotel management in the eastern United States. Severaal years ago he was the assistant manager of The Castleton, but left to assume the management of the Willard Hotel in Butler. Under his management the hotel is being operated on a sound basis.

In the election for directors, one new member was added, E. Shenkan. Other directors who were re-elected follow: M. J. Donnelly, P. J. Flaherty, T. H. Hartman, A. C. Hoyt, C. H. Johnson, Jr., R. C. Love, J. K. Love, F. L. Rentz, G. T. Weingartner, F. B. Offutt, J. P. Flaherty.

Sailors March In District Parades

GROVE CITY, April 17.—There is constant demand for sailors in training at Grove City College to march in patriotic parades, and officers are co-operating freely.

Large groups of the 200 sailors now in training at the college have appeared in Butler, New Castle and Mercer. The entire group will march here next Tuesday evening, in a send-off parade for 34 local draftees.

Selectees Are Given Honor

Last evening the employees of the Pennsylvania Liquor Control Board gathered in The Castleton hotel to honor their fellow workers who are about to leave for the armed forces of the nation. Geo. Deepe, Dee Dore, and John V. Gallagher. A beautiful Parker Pen and Pencil set with name engraved was given to each of the selectees as a token of remembrance from their fellow workers. About thirty were in attendance. At the close of the evening a delicious banquet lunch was served.

NEW ARMY REPAIR SHOP

(International News Service)

CAMP STEWART, Ga.—Savings of approximately $10,000 a year is anticipated through the opening of a shop to repair all damaged or broken equipment at Camp Stewart, which went into operation recently. The shop, according to Lt.-Col. Frank G. Marchman, quartermaster, is designed to recondition, and place back into service all supplies except clothing.

News And Views From Pennsylvania Capital

(International News Service)

HARRISBURG, April 17.—The Democrats are making an attempt to avoid a repetition of the 1938 factional fight which ruined the party's chances four years ago. Called together by Philadelphia City Chairman James P. Clark, the three candidates and their principal supporters agreed not to sling mud at each other. In this way they hope to keep the party intact regardless of which of the three factions come out on top in the May 19 primary election.

The 1942 primary election campaign will be a short one. Active campaigning can last for only little more than a month, because the candidates were slow in making their official announcements for governor, the chief position to be filled at this year's election. Senator James J. Davis, the anti-organization Republican candidate for governor, has been conducting a quiet campaign, however, for more than a year, while Maj. Gen. Edward Martin, the organization choice, did not obtain his release from the army until the end of March. A short campaign will be in keeping with the times.

Those interested in good government are hoping that the next legislature will be wholly controlled by either the Republican or Democratic party. The present legislature with its politically-divided houses, is cited as a good example of a divided state government. Despite the war emergency, political leaders of the two houses were unable to get together and as a result little constructive work was done. Adding to the difficulties was the unfriendliness existing between the Republican-controlled Senate and Governor James during the special session.

Edward Moore, of Harrisburg, holds the distinction of serving as parliamentarian to the Democratic House in spite of the fact that he is a Republican. He was held in great esteem by Speaker Elmer Kilroy for his work during the 1941 and 1942 sessions. Kilroy tried to induce the legislature to raise his salary, but the Republican-controlled Senate balked. Moore has been House parliamentarian for more than 20 years and before that was assistant parliamentarian.

The Senate's action in adjourning sine die while the House was still in session was condemned in the lower chamber by Rep. Homer S. Brown, Democratic member from Pittsburgh and recognized constitutional authority. Brown told the House at its final session that "in Pennsylvania constitutional government has completely broken down". As a result, he said, "we must hide our heads in shame because law and order has broken down."

In the cafeteria of the school, the Junior George Washington Reserves had a meeting Wednesday afternoon at 3:30.

Devotions were in charge of Jacqueline Cradle.

Selections for a jitterbug contest on Junior Membership Day were made, and the winners were, Tini Colina, Mary Terise Mitler.

Mrs. Roosevelt Not Congress Candidate

(International News Service)

BOSTON, April [illegible] the blunt assertion that "there is no foundation for the report." Mrs. Eleanor Roosevelt today denied that she plans to run for congress from the Washington Square district in New York.

"I do not wish to be a member of congress," commented the first lady who moved into her new "town house" apartment on Tuesday.

"RETONGA A BLESSING," SAYS MRS. SEFFENS

Distress From Nervous Indigestion And Sluggish Elimination Promptly Relieved. Feels Stronger Than In Years.

MRS. MAE SEFFENS

As new tests bring relief to hundreds of men and women, public demand for Retonga continues to grow. Every day more and more grateful residents tell of the happy relief this famous gastric tonic combined with Vitamin B-1 brought them, often after years of distress. Mrs. Mae Seffens, highly respected resident of 1202 Elmwood Ave., Charleston, W. Va., is among the latest.

"I feel it no less than my duty to tell others about Retonga," declared Mrs. Seffens. "Nervous indigestion caused me so much distress that I hardly dared eat anything at all. Often I had such terrible gas pains and headaches I could hardly stand them. At times I felt like I could scream. Many a night I heard the clock strike every hour. I was forced to take strong physics nearly every day, and this seemed to aggravate my stomach and my weak, worn out condition.

"One bottle of Retonga gave me more relief than everything else I tried combined. Food tastes good again, and I eat anything I want. The terrible headaches, constipation, and nervousness are relieved, and I have regained several pounds. I feel stronger than in years. Retonga is the most wonderful medicine I ever saw."

Hundreds of your neighbors and friends are praising Retonga. Accept no substitute. Retonga may be obtained at Eckerd's and Pay Less Store.—Adv.

Many Proposals Died As Legislature Quit

MANY PROPOSALS
By RAYMOND WILCOVE
International News Service
Staff Correspondent

HARRISBURG, April 17 — Doctors, lawyers, salesmen, steel workers and businessmen breathed easier today.

Pennsylvania's general assembly adjourned without enacting into law a measure authorizing school districts to tax their salaries, wages, fees, commissions and net profits.

But—on the other hand—soldiers and sailors from Pennsylvania won't be getting that $10 a month bonus that would have been theirs if the legislature had approved a bill introduced in the house.

The good and the bad was mixed in with the proposed legislation that died a natural death when the special session adjourned sine die on Saturday without taking favorable action.

In the words of an eastern Pennsylvania Senator, "many thousands of our citizens in this commonwealth who enjoy the sport of hunting for recreation and pleasure" will now be denied "the right to hunt during an hour of daylight at the end of the day" and instead must substitute "an hour of hazardous hunting in the morning," all because the legislature failed to take due notice of the effects of war time on hunting.

No Gas Masks

John citizens, his wife and child will also have to do without gas masks until the Federal Government gets around to distributing them. The legislature didn't take kindly to the suggestion of the gentleman from Philadelphia that the state expend $7,500,000 for that purpose.

Let inventors not be discouraged by the lack of foresight shown by the Pennsylvania senate in killing the bill introduced by Rep. L. D. Stambaugh, Perry county farmer. If they invent a new tire to replace that made of rubber, permission to use it on state highways can be requested of the 1943 legislature when it convenes in January.

Civilian defense workers and members of rationing boards won't have to worry now about that promise they made to Jim to help him with his campaign for county committeeman. The house appeared all set to approve a new hatch law, but the sponsor had his measure sent back to committee "for further study." It seemed he just wished to scare republicans on ration boards who refuse tires to democrats, and vice versa.

Something that would have been appreciated by housewives failed to make even the slightest dent in the hearts of the 254 male legislators. Members of the house select committee buried without a qualm a bill to provide day nurseries where mothers might leave their children while engaged in defense activities.

Pennsylvania's armed forces in Australia, Iceland and Dutch Guiana will have to worry along without operator's licenses. The senate refused to approve a house bill permitting them to use their old licenses until the end of the war.

And if the high school lads want to get some military training, they'll have to wait until they grow up and join the army. The legislature decided against adding this to their curriculum.

Soldier Son Writes, Now In Australia

John Lubensky of 1522 Moravia street has received a letter from his son, Private S. A. Lubensky, that he had arrived in Australia during February, date and length of trip cut out by censor. Letter came by air mail and dated March 5.

Stanley says that the country is beautiful, no smoke and dirt, beautiful homes, trees and flowers. "They have a lot of horse racing here. They drive their cars on the left side of the road. I was at some boxing matches last night, and they sure are tough. Funny getting used to English money here, pence, shillings, crowns, florins, pounds, etc. People are very friendly. I never ate so many pineapples in my life. Am going to the seashore soon to see the giant turtles and kangaroos. The 'chow' is pretty good here, and plenty of milk. Plenty of mutton to eat. The people drink tea heavily here. Ice cream is a luxury. The weather is warm and we wash and shower in the open air."

Civil Service Commission Is Now In Office

(International News Service)

HARRISBURG, April 17.—Members of the new Pennsylvania Civil Service Commission on Thursday took their oath of office at the state capitol.

Those sworn in by Secretary of the Commonwealth S. M. R. O'Hara were Robert Hall Craig of Harrisburg, Mrs. Ruth Pennell of Mifflintown and John A. M. McCarthy of Philadelphia.

The new commissioners, who will serve for terms of six, four and two years, respectively, were appointed last March 10 by Gov. Arthur H. James under authority of an act approved by the legislature last year. The commission will have jurisdiction over 13,000 state workers who are now on civil service.

Rev. V. W. Abbey Will Speak Here

REV. VERE W. ABBEY

Comics Appear To Have Most Appeal

Survey Shows Many Readers Turn To 'Funny" Pages To Scan First

(International News Service)

WILMINGTON, Del., April 17.—The comics of a daily newspaper might just as well be on page one, because that's where reader interest centers, according to a survey by the advertising class of Beacon college.

In an effort to determine the reading habits of the newspaper "audience", members of the class interviewed 300 individuals. The results showed that most people turn to the comics first. The front page took second place, sports third and society fourth.

A large number of women specified they first read the marriages and looked over the pictures of those engaged and married. Contrary to general opinion, a consensus showed that reader interest was high on obituaries. In fact, the number of people contacted who read these first were sufficient to place them in sixth place.

Some of the eccentricities of the readers were discovered, too. One reader confessed he lies flat on the floor and looks over the paper from cover to cover. A war worker said: "I always turn first to the date and day. Defense work has me so confused that I often find myself forgetting what day of the week it is and I must depend on my paper."

Sincerely Yours
Richman Brothers

TO AN EXTENT that is almost unique, Richman Brothers pursue a policy of sincerity in business that sometimes is mistaken as a lack of enterprise.

For example, it is not lack of aggressiveness that keeps us from holding continuous bargain sales, juggling prices, or constantly indulging in so-called high-pressure promotions.

Nor is it a lack of energy or alertness that prompts us to avoid exaggerated claims or fantastic comparative prices.

No, we recognize a responsibility to be just as sincere in our relations with our customers and employees as a man of honor is in his private life . . . and with great care, we strive to live up to that responsibility.

Legion Banquet Group Will Meet

Final Checkup Is Ordered By Chairman Sweesy For Monday Evening

With additional reservations being received daily from outside points, indicating a larger attendance from these sections than last year, General Chairman Ches. C. Sweesy, stated today that the banquet for National Commander Lynn U. Stambaugh of the American Legion, next Wednesday evening in The Cathedral, will undoubtedly be one of the largest of its kind ever held here.

Chairman Sweesy has called a meeting of all committees and those having tickets for Monday evening, April 20, when a final checkup will be made on the plans for the banquet.

Commander Stambaugh will be in the city the greater part of the day, and will be the principal speaker at a luncheon meeting of the Rotary, Kiwanis and Lions club at noon in The Castleton, arrangements for which are in the hands of J. Lepere Matthews, chairman.

Accompanying Commander Stambaugh will be Department Commander J. G. Gordon Forrester, and Department Auxiliary head, Mrs. Harrison Smith, both of Philadelphia, and a galaxy of other Legion and Auxiliary officers from Pennsylvania and surrounding states, along with the national head of the 40 and 8.

POSTMASTER FOR SLIPPERY ROCK TO BE SELECTED

By ARTHUR C. WIMER
(Special Washington Correspondent, New Castle News)

WASHINGTON, D. C., April 17.—The Civil Service Commission announces that an open competitive examination will be held for the Slippery Rock postmastership. The test will be conducted at Slippery Rock on a date to be fixed later.

The commission will close receipt of applications from candidates on May 5. The job pays $2,400 annually, and the successful aspirant will be appointed to an unlimited term.

According to a Chinese legend, tea was discovered by the Emperor Chinnung, 2737 B. C. From China it was carried to Japan, and reached Europe through the Dutch.

SEVENTH WARD NEWS

Crusader S. S. Class Has Social Meeting

Miss Thelma Bumbaugh of 416 Sixth street, with Miss Irene Liversage, as co-hostess, entertained the Crusaders Sunday school class, of the Madison Avenue Christian church, at her home, on Thursday evening.

Devotions were led by Earl Ruehle.

The business meeting was in charge of Edward Bevan, when plans were made looking toward a lawn social.

Games and chat were the diversions of the evening.

The next meeting will be at the home of Miss Frances Hammond, of North Lafayette street.

L. A. To O. R. C. Has Meeting Thursday

At the home of Mrs. Walter W. Waid, 813 West Clayton street, the Ladies Auxiliary to the Order of Railroad Conductors, were entertained on Thursday afternoon.

The business meeting was presided over by Mrs. F. E. Flowers, when arrangements were made for a tureen dinner, to be held at the American Legion home on Thursday, May 7.

Sewing and chat were the diversions of the afternoon.

A delicious lunch was served by the hostess.

GROUP REPORTS SOME GOOD FISHING

Walter Stone, Newell avenue, Alex Taylor, of West Madison avenue, R. G. McCartney, Mt. Jackson road, Bruce Franklin, of North Lafayette street, Joe Frew, North Cedar street, and Nelson Druschel, of West Cherry street, have returned from a successful fishing trip to Hickory Creek, in the neighborhood of Mt. Youth Fellowship April Fool Party

At the Mahoning Methodist church, Thursday evening, at 7:30, the Youth Fellowship Society gave an "April Fool" party in the basement.

Active, guessing, and other games were the diversions of the evening.

The committee of arrangements was Bill Johnston, Kenneth Moss, Patty Taylor, Anne Kulz, Maxine Smooth, Verlee Mauermann.

Spring decorations of yellow and green adorned the room.

A delicious lunch was served in "April Fool" style.

GATHERING JUNK

Thursday afternoon, a junk man with an Ohio license on his truck, parked on one of the streets of the ward, seemed to be leading the way in the matter of gathering scrap for the war emergency. It is surprising how much scrap iron is tucked away in folks cellars and sheds. Out of one cellar came an iron bedstead, oven doors, etc.

RECOVERS FROM INJURY

Nick Bok of 923 Ashland avenue, ho received treatment at the New Castle hospital, has returned to his home and is much improved. Mr. Bok sustained head injuries when struck by a car while crossing South Liberty street, Sunday.

PARK CLEANED UP

City employees have given Liberty Park a good cleaning up ridding it of the litter that had accumulated during the winter months. The park has taken on a brightened aspect.

BIRTHDAY CLUB

Miss Harriet Kennedy of North Cedar street will entertain members of the Birthday club at her home Saturday evening with a dinner party.

SEVENTH WARD PERSONALS

John Solomon, of North Liberty street, has returned from Morgantown, West Virginia, where he visited with relatives.

Peter Reed, of Mt. Jackson road, who underwent an operation at the Jameson Memorial hospital, has returned to his home, getting along nicely, and able to be out.

Miss Ella Ringer, of North Cedar street, is vacationing at Medina and Kent, Ohio, visiting with relatives.

Mr. and Mrs. J. Shoemaker, of New Galilee, visited Thursday with friends in the ward.

Miss Ethel Barris of Mt. Jackson road, student nurse, who underwent an operation for appendicitis at the Jameson Memorial hospital, is getting along fine, and returns to her home today.

Rev. and Mrs. Ransom Barris of Meadville have returned after visiting for about a week at the home of the former's parents, Mr. and Mrs. Ransom W. Barris Sr. of Mt. Jackson road.

Mrs. Mae Keating of West Wabash avenue has been admitted to the Jameson Memorial hospital for treatment.

One Hundred One Given Certificates In Defense Center

One hundred students from the New Castle class center have been awarded certificates of completion for having satisfactorily passed courses in the Pennsylvania State college's fourth engineering defense training program, M. T. Bunnell, superintendent in charge of class centers, announced today.

A similar fifth program of federally-financed courses designed to train men and women for work in war industries is now being offered in 135 towns and cities throughout the state, including New Castle. The classes are conducted under the engineering, science and management defense training program of the United States Office of Education.

THREE MEN ENLIST IN U. S. ARMY HERE

Three men have been enlisted in the United States Army through the New Castle recruiting station, Sergeant John T. Bilpuch announced.

The men are:

Ralph W. Gustafson, 361 West Evergreen avenue, Youngstown.

Samuel E. Holmes, Walnut street, Stoneboro.

Paul E. Johnson, 255 Hollywood avenue, Youngstown.

Individuals are like nations. Show us a man who has power over another and never takes advantage of it.

Lawrence County Farms And Farmers

By H. R. McCulloch, County Agent

EARLY PASTURING HARD ON COWS AND PASTURE

Too often the pasture season is considered a time of year when dairymen can dispense with hay and grain feeding. Therefore, the sooner cows can get on pasture, the sooner feed costs can be reduced.

There are two objections to this practice: First, it is hard on the pasture, and second, the cows do not get enough feed. If pastures are to produce a maximum amount of feed during the summer months they must be allowed a good start, grow a root system, and establish a sod before the tops are pastured off. If the pasture is improved, then it should be pastured when the grass is 4 or 5 inches high.

When the cows are turned on unimproved pasture too soon before the grass is well established, there will not be sufficient feed for maintenance and milk production. It pays big dividends to feed in the barn a little longer and even when the cows are turned on pasture to continue feeding a little dry hay each day. The dry hay will slow up the grass in passing through the digestive tract, which enables more nutrients to be assimilated from the pasture itself. This is a practice adopted by many dairymen in the last few years.

FEED YOUNG LAMBS TO KEEP THEM GAINING

Our better shepherds realize that it is economically important to retain the baby fat on young lambs until pasture grass becomes well enough developed to carry the flock.

There are two systems by which this aim may be accomplished. First, separate ewes nursing twin lambs from those with single lambs and feed the mothers of twin lambs more liberally. Second, all lambs should have a place where they can have access to a grain mixture.

One mixture consists of 2 parts of whole oats, 2 parts of crushed barley, 2 parts of cracked corn, and 1 part of pea-sized oil cake. Where barley is not available, the ration may consist of 3 parts of whole oats, 2 parts of cracked corn, 1 part of bran, and 1 part of pea-sized oil cake.

In addition to the grain mixture, good second-cutting alfalfa or clover hay available at all times will do the lambs a lot of good.

Flock owners should remember also that all lambs should be docked when 5 to 10 days old and all male lambs not intended for breeding purposes should be castrated between 2 and 4 weeks of age. Ram lambs suffer a discount of $1 to $1.50 per hundred pounds in the terminal markets.

PRESERVE EGGS DURING HENS' BEST PRODUCTION

Large supplies of fine quality eggs during April and May result in lower egg prices. Thrifty folks can save by preserving some of the low-priced fine quality eggs this spring for use later when prices will be higher.

Preserving eggs in water glass is neither difficult nor expensive. One quart of water glass, which may be purchased from most drug stores and many grocery stores, is sufficient for preserving about 15 dozen eggs. Nine quarts of water, which has been boiled and allowed to cool, should be used with the 1 quart of water glass. A 5-gallon stone crock will hold about 15 dozen eggs. At least 2 inches of the solution should cover the top layer of eggs.

The crock of eggs should be kept in a cool, dry place. When the eggs are remvoed from the preservative they should be washed before using. The eggs will crack when boiled unless the large end is punctured. Preserved eggs are excellent for baking and cooking purposes, homemakers have found.

WHEAT AT RIGHT PRICE IS GOOD SWINE FEED

Good milling wheat usually sells at a price considerably higher than that of corn and other grain. Therefore, wheat is not often fed to swine. Now, however, some wheat is available at a price which makes it profitable for swine feeding.

Results of feeding trials at several experiments show hard spring wheat to be superior to corn for fattening hogs. Wheat proved to be 5 to 10 per cent higher in feeding value than corn. On the basis of these trials, when corn sells for $1 a bushel what is worth $1.17 a bushel for swine feeding.

SEED TREATMENT WILL HELP TO SAVE SUPPLY

In growing crops this year farmers and gardeners will want to be economical in the use of seeds. Seed treatment is one step that will help.

The seed of most vegetable crops carry disease-producing fungi and bacteria. Treating the seed to kill the disease-causing organisms on or in the seed is one of the most important ways to prevent the vegetable diseases.

Latest seed treatments for 34 vegetables have just been compiled by extension plant pathologists of the Pennsylvania State College in vegetable disease control letter No. 23. Treatments to control various combinations of diseases and directions for method of treatment are included. This information may be obtained from the Agricultural Extension Association office, No. 206 Post Office Building, New Castle, Pa.

WILD GREENS RATE HIGH IN FAMILY MEAL PLAN

Homemakers in Lawrence county can take advantage of the many wild greens now available for the picking to get their daily green vegetable, says Miss Ann Quinn, home economics extension representative.

Dandelion, sorrel, dock, cowslip greens, water cress, lamb's quarters, purslane, and milkweed are some of the wild greens that can be used as food. Only the young and tender leaves and sprouts are suitable to use, she points out.

To prepare the greens for eating, cut off wilted leaves, pithy stems, or roots. Wash thoroughly in several waters. Warm water helps to dissolve the dirt faster than cold water. Always lift the greens from the water as this lets the sand fall to the bottom of the pan. Six washings are none too many as insects cling to the leaves.

Any of the wild greens can be used raw in a salad just as you would any other green vegetable, explains Miss Quinn. It is best to keep the greens in the refrigerator to become crisp before using. Never let them stand in water as they lose much of their food value. Greens lose some of the vitamins if stored too long before using.

In cooking greens use just the water that clings to the leaves after washing. The cover can be left on until the greens are wilted and then taken off to finish cooking. Cooking greens in an uncovered pan helps to retain their green colors. Cook as quickly as possible until just tender. Season with salt and butter or other fat. Cream may be added instead of fat. Steaming also is desirable for cooking greens. Cooked greens can be combined with a white or tomato sauce, hard cooked eggs, or leftover meat, put in a casserole and baked for 30 minutes.

Sometimes a mild and a strong flavored green can be cooked together to obtain a more pleasing flavor than either one alone.

Wilted greens are a favorite of many families. To wilt wild greens, melt 4 tablespoons of bacon or other fat and add 1-4 cup of mild vinegar. Pour this over 2 or 3 quarts of washed greens cut in small pieces. Add salt, cover, and cook until just wilted. Serve at once.

REGULAR CLEANING MAKES SEASONAL JOB EASIER

Reorganize your spring housecleaning procedure and have more time for gardening and outside activities suggests Miss Ann Quinn.

Do not endanger your health from overexertion and fatigue, but let each member of the family do his share of this household duty. Efficient cleaning equipment also helps to make housecleaning an easier job.

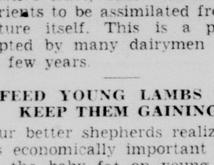

If you have a vacuum cleaner, it isn't necessary to put rugs and carpets on the lawn or string them on the line for their annual beating. Such treatment, we all know, shortens the life of a rug because beating breaks the sizing or loosens the fibers of the rug.

A vacuum cleaner draws the loose particles of dirt from the nap without injury. Weekly cleaning with a vacuum is advisable to remove the soil before it becomes imbedded in fibers and cuts them. Regular cleaning will prolong service of the rug.

Why not have a family party with the papers and magazines that have accumulated during the winter? Let each member of the family go over them and clip anything he wishes, then stack the papers and magazines for the waste collector.

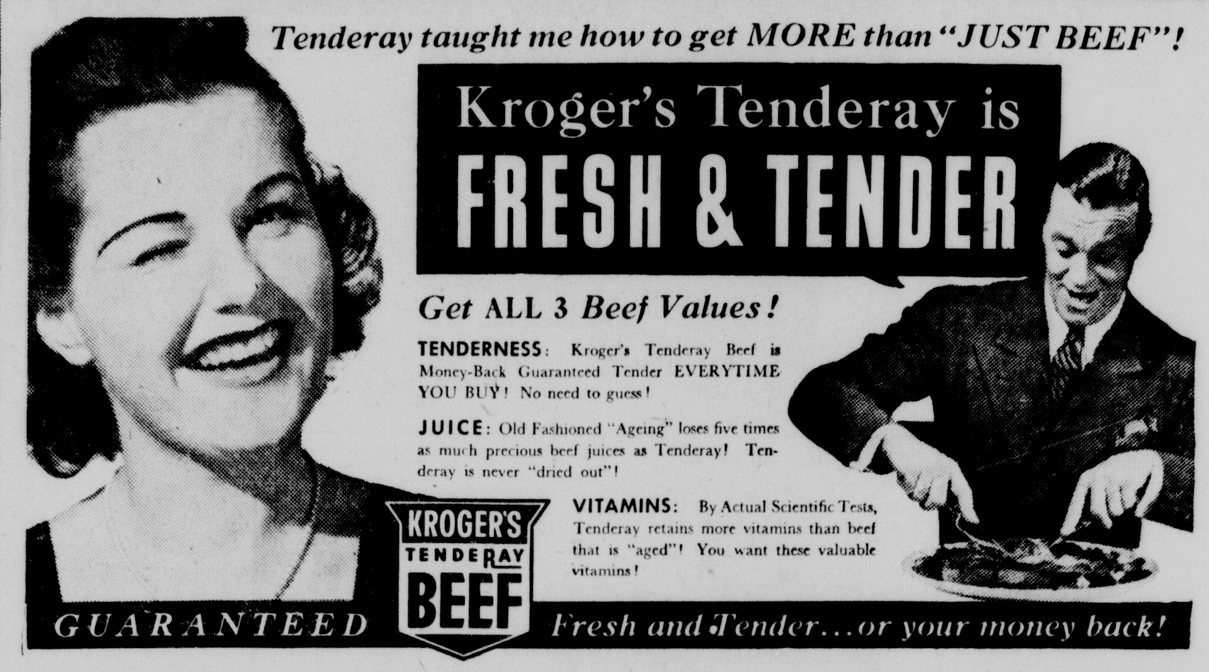

Some homemakers have reduced the time needed for seasonal housecleaning by the periodic cleaning of closets, chests of drawers, and other storage spaces. Each member of the family may be responsible for the arrangement of his own articles. This periodic cleaning and airing is disturbing to the moth which does considerable damage in dark, seldom cleaned places.

Record War Contract Loan

Standard Steel Spring Co. Gets $50,000,000 Credit For Material

PITTSBURGH, April 17.—The nation's largest loan on war contracts, under the Government-guaranteed plan which has just been instituted, will be made by a Pittsburgh district company.

A banking syndicate to join in a credit of $50,000,000 to the Standard Steel Spring Company, Corapolis, is being arranged, it was disclosed yesterday when Jesse H. Jones, Federal loan administrator in Washington, announced that the Reconstruction Finance Corporation was willing to make the entire loan, or take any part of it not subscribed by the banks.

Jones said the RFC desired to facilitate the arrangement for this financing which will be used to finance war contracts through an extensive segment of the spring industry in which the Standard Steel Spring Company acts as the prime contractor.

The banking group to participate in the $50,000,000,000 credit is being arranged by Clarence Stanley, president of the Union Trust Company of Pittsburgh, and this bank and the National Bank of Detroit each have agreed to take $2,500,000 of the loan.

Jones made known his desire to participate in the loan in a telegram to Stanley late yesterday. Jones said he understood that the Federal Reserve System, as the fiscal agent for the War Department, has agreed to guarantee 90 per cent of the loan, having a maturity of four months, with interest at the rate of three per cent per annum, from which a commitment fee of six-tenths of one per cent will be acted by the guaranter. Jones said the RFC would participae upon the same terms and conditions.

The extent of the war contracts held by Standard Steel Spring Company has never been disclosed. However, it was revealed some time ago that the company entered into contracts with the Government and with large manufacturing companies for the production of war products.

R. C. Enes, president of Standard Steel Spring, said recently the company had arranged to subcontract a large portion of its war work as the "Government has selected our company to supervise and manage this large undertaking." The company also leased for the duration of the war a large plant outside of Pittsburgh.

HURT AT WORK

John Mack, aged 27 years, of R. F. D. No. 7, suffered injuries when he fell from a plank at the plant of the Bessemer Limestone company at Bessemer late Thursday morning. He was treated at the Jamesn Memorial hospital, after which he was able to be taken to his home.

Attend Rally For Senator J. J. Davis

Lawrence County Campaign Representatives At Meeting In Pittsburgh

Twenty supporters of Senator James J. Davis, in his campaign for governor of Pennsylvania, attended a rally which took place in Carnegie auditorium, North Side Pittsburgh, Thursday evening.

The delegation was headed by L. W. McClung, former city treasurer, who is county chairman of the Davis committee.

The meeting was presided over by Sam Harris, chairman of Allegheny county, and speakers included Senator Davis, Lieutenant Governor Sam Lewis, William F. Smith of Punxsutawney, past commander of the American Legion, who is a candidate for secretary of internal affairs; William D. Hamilton, candidate for lieutenant governor, and Judge Fine, candidate for supreme court.

The meeting was attended by Davis supporters from 30 western Pennsylvania counties.

Four Injured In Auto Collision

Car Driven By New Castle Girl In Collision With Farrell Minister's Auto

Four persons were injured, one seriously, in a collision between two automobiles on the Wilmington road, six miles north of the city, around 10 o'clock Thursday night. Two of the injured are in the Jameson Memorial hospital.

The cars driven by Miss June Hitch of 526 Lyndal street and Rev. William T. Snead of 1054 Beechwood avenue, Farrell, sideswiped and then overturned.

Miss Betty Jacobs, aged 21 years, of 20 Robinson street, this city, suffered lacerations of the right eyelid and nose and brain injuries. She was admitted to the hospital, as was Mrs. Sadie Johnson, aged 55 years, of 728 Lee avenue, Farrell, who suffered general contusions about the body, and shock.

Irvin Rosen of 1107 Delaware avenue, was treated for contusions of the scalp and chest, while Mrs. Beulah Hailstock of 918 Market avenue, Farrell, who suffered a contusion of the hip, was able to leave after examination revealed no broken bones.

Miss Jacobs and Rosen were passengers in the Hitch car, while Mrs. Johnston and Mrs. Hailstock were passengers in Rev. Snead's car.

LOCAL A. S. A GROUP PLANS FOR CONTEST

Fence Collapses; Youngster Killed

(International News Service)

PITTSBURGH, April 17.—A front yard relic of the "Gay 90's"—an ornamental iron fence—today had caused the death of five-year-old Donald McNulty. The fence collapsed and fell on the child as he was playing on it late yesterday. He died three hours later.

The fence stood in front of a former northside mansion on the Western avenue district which years ago was one of the city's most exclusive residential sections.

WEST NEW YORK, N. J., April 17.—Bench warrants were issued today for the arrest of six persons charged with marring Wednesday's blackout in New Jersey by refusing to extinguish exposed illumination.

Two of the six parsons, Ferdinand Zeiher, 72, operator of a tavern, and George Rausch, 67, bartender at the establishment, were arrested and then released in $1,000 bail each for arraignment on Monday.

P. U. C. ORDER AFFECTS BUTLER BUS COMPANY

(International News Service)

HARRISBURG, April 17.—A Butler bus company today was ordered to cease transportation not authorized by its certificate of public convenience.

The order was handed down by the public utility commission against E. E. MacDonald, trading as Butler Motor Coach company, E. E. MacDonald Bus Lines, and F. F. Winters.

The commission found that the company had carried passengers from Butler to Kennywood Park, Allegheny county, in violation of a limitation contained in its certificate which specifically prohibited group and party service which originated in the city of Butler.

Potato Growers Urged To Produce Full Allotments

(Special To The News)

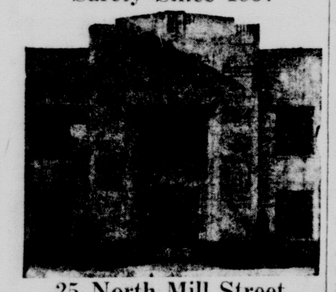

HARRISBURG, April 17.—Pennsylvania potato producers who are in doubt as to how the acreage of potatoes which they plan to plant this year may affect their payments under the 1942 agricultural conservation program are urged to get in touch with their county agricultural conservation committee. This advice was given today by Clyde A. Zehner, vice chairman of the state agricultural conservation committee, in announcing tht if Pennsylvania farmers will plant as nearly as possible their exact potato allotments this year, the state will do its share toward producing a national crop of potatoes sufficiently large to care for all needs, yet not too large to create a burdensome surplus.

In order to encourage farmers to plant their full potato allotments, the program has been changed this year so that farmers may harvest up to 110 per cent of the allotment and as low as 80 percent of the allotment and still received their full allotment payment. However, in case a farmer harvests less than 80 percent of his allotment, he will receive a payment on the basis of 125 percent of the potato acreage harvested. A farm that has not been given a potato allotment may grow up to 3 acres of potatoes without any payment deductions.

While the present is not a time to encourage small growers to produce more potatoes, especially in view of the shortage of labor, equipment, materials, etc., yet, Mr. Zehner stated, there are small farmers who may have grown not more than 3 acres in the past and may have some good reason for wanting to increase acreage this year; in these cases, the farmers are advised to get in touch with their county agricultural conservation committee in order to have the committee assign to such farmers a potato allotment in line with the potato growing history of the farm and the farmer's planting intentions.

With the government's recent announcement that it will put into effect price supporting measures for the 1942 crop of potatoes for the benefit of cooperating growers, Mr. Zehner urges all potato growers to consult their local county agricultural conservation committee before planting in order that they may be certain to be eligible to participate in these price supporting programs for potatoes.

FATHER-SONS BANQUET

The travelog sound movie, "Wheels Across India," will be one of the main entertainment features at the annual New Wilmington Father and Son banquet, to be held at the local U. P. church on Friday, April 24.

Emil Lelenko, well-known New Castle impersonater, will also be featured at the dinner. Another feature of the affair will be the awarding of prizes to the oldest father-son combination and the oldest three-generation combination present. One-dollar defense stamps will be awarded these winners.

W. A. Reed is chairman of the ticket committee, instead of Fillmore Campbell, as previously announced. Others helping to make arrangements for the banquet are Ralph Shawkey, Walter Biberich, James Hayden, Art Minteer, Rev. M. E. Lindstrom, Rev. W. F. Byers, Dr. J. Ralph Neale and Walter Shaffer. General chairman is Paul Quinby, and H. E. Burns will act as toastmaster.

TO HAVE EXHIBIT

Plans are being completed for the exhibit of china and earthenware, sponsored by the local chapter of the A.A.U.W., and set to begin on April 23, with the college library as the scene of the show.

The Shenango Pottery of New Castle is presenting some samples of their wares to be shown. Also on exhibit will be a small piece of re-created Pennsylvania Dutch ware from the hand work of Mrs. Naaman Keyser of Plymouth Meeting, Pa.

The list of those helping with the show is as follows: Mrs. J. Ralph Neale, Mrs. Mary McConagha, Miss Jane Kerr, Mrs. Maxwell Kelso, Mrs. Ross Ellis, Miss Dorothy Kirkbride, Mrs. Nathan Frey, Miss Anna Caldwell.

Miss Ada Peabody, Miss Mary Turner, Miss Elizabeth McBane, Mrs. Norman Igo, Mrs. L. B. Russell, Mrs. W. B. Jamison, Miss Margaret Graf, Mrs. C. W. McKee and Mrs. Edward Metcalf.

FIRST AID COURSES

Regular courses in first aid instruction are being held at the community house on Mondays and Thursdays, with a class of about 50 volunteer defense workers as students.

Harry Culliford of New Castle was the instructor at the first of these classes. Iocal instructors are H. N. Anderson, Alex McCready, Walter Shaffer and Walt Whitman.

SORT METAL

In place of their regular weekly meeting, the local Kiwanians devoted their time to sorting out the old metal, paper and rubber which they collected last week. Money realized from the sale of this old material will be used by the club in some civic enterprise, the nature of which will be determined later.

Guest of the club at its dinner was Second Lieut. Robert McCaslin, home on a week's furlough.

Arrest Youth On Espionage Charge

California Youth Accused Of Transmitting Messages To Axis Countries

(International News Service)

LOS ANGELES April 17.—Accused of transmitting messages to the Axis countries, 23-year-old William A. Schuler was booked on federal charges of espionage Thursday.

The FBI revealed that the youth's arrest climaxed a brief investigation in which an FBI operative posed as an enemy agent to secure the services of the suspect in transmitting a number of faked messages supposedly to the enemy.

A cache of home-made bombs reportedly was found in Schuler's home when he was taken into custody and they were seized by the FBI as evidence.

The youth was employed by a local commercial wireless company and he had access to the company's transmitting equipment in the Palos Verdes hills, Richard B. Hood, agent in charge of the local FBI office, said.

"He recently approached an unnamed person and offered to transmit messages for foreign agents by means of the wireless facilities of the company," Hood related.

"Arrangements were made whereby Schuler was introduced to an FBI special agent posing as an enemy agent and was given a message to transmit. The first message was transmitted by him on April 11 and subsequent messages were sent on April 12."

Arraigned as an espionage suspect, Schuler said he was born in San Mateo and is an American citizen. He said his grandparents were German. His preliminary hearing was set for April 30 and he was held in jail in lieu of $20,000 bond.

One Pound Of Sugar For Stamp; Covers Two Weeks

(International News Service)

WASHINGTON, April 17.—The Office of Price Administration yesterday announced that the first stamp in each sugar ration book to be issued next month will allow the purchase of one pound of sugar to cover a two-weeks period.

How much sugar each of the remaining 27 stamps will buy will be announced once every two weeks as the useful date of each stamp approaches, the O.P.A. announcement said.

The value placed on the first stamp will allow a family of four persons, for example, to buy four pounds of sugar for the two week period—a half-pound per person per week.

O.P.A. officials said that it was necessary to retain a certain amount of "flexibility" in the sugar rationing program because the supply of sugar available in the country will fluctuate from time to time.

It may be necessary, it was explained, to change the one-half pound per week allotment in regard to future stamps.

Ration books will be distributed to 131,000,000 consumers beginning May 4. Consumers may register at the nearest elementary school on May 4, 5, 6, or 7. Nearly 2,000,000 wholesalers, retailers, industrial and institutional users of sugar will register April 28 and 29 at high-schools in their respective localities.

Third Lecture Is Given By Dr. Orr

Prof. John Orr, Ph. D., Professor of Bible of Westminster College, gave his third lecture Thursday evening in the New Testament Course dealing with the Four Gospels that is being sponsored by the Lawrence County Sabbath School Association and which is being held at the First Baptist church. This lecture dealt with the third Gospel, the Gospel of Luke, and the treatment of this important book of the Bible was both interesting and enlightening.

The devotional service was in charge of Mrs. H. F. Magill, county secretary.

Due to a concert that is to be held at the First Baptist church next Tuesday, April 21st., the date of the final lecture that will deal with the Gospel of John, has been postponed until Thursday, April 23.

Palmers were wandering religious votaries, usually avowed to perpetual poverty, and who carried in the journeyings a palm branch as a sign of having completed a pilgrimage to the Holy Land.

(By International News Service)

(International News Service)

War workers, the safety of you and your job depends most upon the life you lead "after the whistle blows." That's sound advice from a mechanic who hasn't had a reportable accident in 55 years with the Pullman company plant in Philadelphia. Industrial accidents, says George Hanf, are often the products of unhappy homes, excesses afterhours, or worry over personal problems.

The state council of defense reveals that 300,000 Pennsylvanians now are taking instruction in air raid protective services. In most counties, said Dr. Fred W. Hosler, council training chief, the teaching of air raid wardens and auxiliaries is nearing completion.

Full strength of the American Legion in Pennsylvania is being thrown into a campaign to have every resident of the commonwealth pledged to buy defense bonds. Edward A. Linsky, department adjutant, said 81,470 Legionnaires and 46,000 auxiliary members have been asked to enlist in the drive.

Meanwhile the search for scrap metal to replenish the nation's blast furnaces continues apace. In Philadelphia, the historic Edison generating station is to be torn down to reclaim "a million or more pounds of steel and iron." Salvage officials plan to recover 3,500 tons of steel from 24 miles of abandoned trolley tracks in Wilmington, Del.

State defense council reports that "second hand" bullets—308 pounds of them—have been turned over to a salvage center by Johnstown police, who collected them at their target range. And pinball machines seized in Philadelphia are already being torn apart and melted down to "tilt" the Axis.

A little care in shaving, mister, will keep silver in your pockets as well as steel in the munitions mills. To preserve blades, says O.P.A.'s consumer's division, you should wash carefully and lather your face; rinse the blade frequently in hot water before and during use; rinse and dry both blade and razor and wrap the blade in its original paper covering. And if you have a blade sharpener, use it.

Henry R. Adams, vice president of the American Federation of Hosiery Workers, believes the United Nations can win the war only by surpassing the 45,000,000,000 man-hours of production available to the Axis. Last year, he said, production in the United States fell below 13,000,000,000 man-hours.

Defense wardens throughout the state might take a tip from Philadelphia volunteers who have ingeniously remedied a scarcity of stirrup pumps. Some wardens are using a gadget known as a "water thief," a device which can be attached to almost any kitchen, bathroom or laundry faucet. A garden hose can be screwed to the end for use as a stirrup pump, with a fine spray for incendiary bombs and a stream to douse fires.

The commonest proof that the earth is round is the fact that during an eclipse the earth's shadow on the moon is round, and round shadows can be cast by round objects.

If you suffer distress from Monthly FEMALE WEAKNESS

Which Makes You Blue, Cranky NERVOUS—

At such times if you're troubled by cramps, headache, backache, a bloated feeling, nervousness—distress of "irregularities"—due to functional monthly disturbances—try Lydia E. Pinkham's Vegetable Compound! It's helped *thousands upon thousands* of women and girls to go "smiling thru" such "difficult days."

Lydia Pinkham's Compound is *one* medicine you can buy today—*made especially for women*—to relieve monthly pain and its tired nervous feelings due to this cause. And in such a *sensible* way! With nature's own beneficial roots and herbs. No harmful opiates.

Taken regularly—thruout the month—Pinkham's Compound helps build up resistance against such symptoms. Follow label directions. *Worth trying!*

Victory Book Day Is Being Observed Now

From the Pennsylvania Library association comes the bulletin that Friday, April 17, designated as Victory Book Day all over the nation by President Roosevelt, all Americans are called upon to do their part to provide critically needed books for our armed forces.

Designated as the "President's Committee" in this connection are five men whose names are big news. Norman Cousins, editor of the Saturday Review of Literature, is chairman. And the committee includes Edward L. Bernays, John Mason Brown, Ben Hecht and Walter Winchell.

Because the need for books—good up-to-date adult books, not discards—is greater than was estimated when the victory book campaign was undertaken, and on the other hand, in many sections of the country where the response has been slow, the plea is made with the hearty endorsement of the above committee that we all take books to our public library on Friday

If you have no books that are interesting and up-to-date enough to sent, you could buy an inexpensive reprint or two of a book you like and mail it to Victory Books, Philadelphia, Pa. Or take it to the library.

Either way, "Our Men Want Books".

Urges Debutantes Take Factory Jobs

Mrs. Roosevelt Has Few Words Of Advice For Debutantes Of U. S.

(International News Service)

BOSTON, April 17.—Mrs. Eleanor Roosevelt had a few words of advice Thursday for the debutantes of America.

She urged them to abandon other interests for the war's duration and go to work in a factory.

"I'm pretty old—I'm 57, you know—to tell girls what to do with their lives," said the nation's first lady during an interview. "But if I were of debutante age I would go into a factory—any factory where I could learn a skill and be useful."

Mrs. Roosevelt also approved compulsory registration of American women, which the president last week revealed was being considered, to provide a pool of workers to be drafted for war production.

Addressing a dinner of the U. S. branch of the International Student Service, Mrs. Roosevelt emphasized that everyone must shoulder responsibility.

"Democracy will only work if the individual is willing to carry responsibility and carry it with integrity," she said.

"While the war is being fought by our young people we civilians must make our country worthwhile dying for. We must make sure that when they come home America is still a land of opportunity where they will have freedom to work and to live the way you think is the decent way for a people to live."

FAVORS RETENTION OF NYA

(International News Service)

PHILADELPHIA — Aubrey Williams, director of National Youth Administration, believes the NYA should be retained in these critical days in order to continue training workers for war industries.

"Of the 10,000,000 additional workers needed this year," said Williams, "not more than eight million will come from converted or curtailed non-war industry. Large training program will be required for the other two million. NYA is the only agency that can meet this situation of training war workers."

Townsendites To Meet On Tuesday

Latest developments in the campaign to obtain speedy passage at Washington of H. R. 1036, which would make the Townsend Plan a law, will be explained to Townsendites in New Castle on April 22, 8 p. m., at the Court House with J. G. Mains as principal speaker.

The meeting will be one of 186 similar gatherings in the Eastern States directed from Townsend National Headquarters in Chicago as part of Dr. Francis E. Townsend's national expansion campaign to establish his plan of pensions for all persons over 60 years of age.

This effort is being redoubled in view of the coming congressional elections. Success of candidates in many districts, it is claimed, will hinge on their attitude toward federal old-age pensions, and in view of President Roosevelt's recent statement that he would sign any pension bill passed by Congress, Townsendites are demanding immediate passage of their Plan.

The Jockey club was incorporated under the laws of the state of New York in 1894.

Victory Drive Is Under Way

Wimodausis Club Makes Notable Contribution On First Day

CANVASSERS ARE CONTINUING WORK

The Wimodausis, through its president, Mrs. George Bolinger, announced today that it had subscribed to $3,000 worth of war savings bonds.

The organization, which is always in the forefront of any civic and patriotic activity, has thus shown its outstanding spirit of cooperation in the war bond campaign.

This subscription was one of the outstanding features of the first day of the pledge-for-victory drive, in which many woman volunteers of New Castle are participating. While yesterday was officially pledge-for-victory day, it was found in New Castle as well as in other communities of the state that the complete cancass could not be completed in one day, hence the hundreds of workers who volunteered for the canvass are continuing their calls until all homes in the area have been covered.

Reports from canvassers indicate that in most cases, excellent cooperation was received. Unfortunately, some citizens misinterpreted the purpose of the canvass and questioned the canvassers' authority to secure the pledge. Such cases were in the minority, and it was found that generally the canvassers received the fullest cooperation from the people.

The pledge-for-victory program, in addition to formally enlisting the assistance of every man, woman and child in the country, will also furnish the government full information on the potential voluntary war bond sales.

News Briefs From City Hall

City council paid a visit to the steel mill site today and inspected the building formerly known as the store-room. They went there for the purpose of ascertaining how much "scrap" could be salvaged. According to Councilman David O. Davies, the city electrician, Rex Hughes, salvaged thousands of dollars worth of material already. Most of it consisted of material that can be used by the city should it not be able to obtain cables and electric boards.

When the city constructs a new streets department building it will also house the repair and tool shops. No doubt the Croton avenue structures used now for such purposes will be rented.

Frank Gorley who served 37 years as a member of the city fire department paid a visit to Safety Director David O. Davies this morning. For years he was on duty at the Seventh Ward fire department.

Building permits granted by the city today follows: W. J. Wray, remodel dwelling, $300, at 313 North Cedar street; C. O. Wagner, make an addition to a frame dwelling, $425, at 1105 Highland avenue and Theresa DiNuccio, enclose porch, $75, at 608 East Lutton street.

Elgin bicycle owned by Jacqueline Kicos, 1317 South Jefferson street, was stolen yesterday, police were informed. The bicycle, red and white with serial 108415, was taken from Center Way.

Police were looking upward yesterday, a report having been received that a barrage balloon had broken loose from Sheffield, O., and was dragging a 100-foot cable.

Dona Theresa, daughter of Francis I, king of the two Sicilies, and wife of Dom Pedro II of Brazil, last Brazilian emperor, was called "Mother of the Brazilians."

Cosmo Club Has Patriotic Meeting

Farewell Party Is Given To Members Soon To Be Inducted In U. S. Armed Forces

Thursday evening, in the club rooms, North Mercer street, the Cosmo club, honored those who are soon to leave, joining the armed forces of the United States. They are: Harry Cohen, Louis Kronenberg, Charles Kohler and Reuben Rosenberg.

Attorney Sherman K. Levine, of the good and welfare committee, and on behalf of the committees, presented the club with a plaque, showing names of all Jewish boys of the city who are now in the armed forces of our country.

President Jack Lebby announced at this time, the committee had purchased a $500 defense war bond. Rabbi Leo E. Turitz, of the Temple Israel synagogue, was the guest speaker of the evening, and he chose for his topic, "Strength In Democracy" a speech well received on this occasion.

The members then enjoyed a showing of the motion pictures of the navy in action. Vernon Carr was in charge of the showing. Jimmy Lonergan, formerly of George White's Scandals was the guest performer of the evening, and rendered several song selections. Group singing was then enjoyed until later, after which dainty refreshments were served throughout the period.

The entertainment committee led by the co-chairman, Dave Rosenblum and Sam Cohen made this affair a great success.

Business was conducted in the morning, and in the afternoon a memorial service was conducted by Mrs. J. Albert Wilson, Third church, New Castle. Two addresses were given: Anna O. Milligan of the U. P. church paper staff and educational secretary on the foreign board. The other speaker was Mrs. William S. Cook, secretary of home mission on woman's board of Beaver Falls.

State Leads Nation In Airports Now

(International News Service)

HARRISBURG, April 17.—Pennsylvania has more airports authorized to operate under wartime restrictions than any other state, wing headquarters of the civil air patrol announced today.

Pennsylvania's total airports in this category total 80 as compared to 54 for Texas, second state. Privileges are granted only to airports which maintain an effective 24-hour guard and a clearance officer on duty at all times.

Wing Commander William L. Anderson disclosed that 2,963,527 pound miles of army cargo were carried by 15 C. A. P. planes during the last 30 days, relieving military aircraft of routine missions.

Many Citizens At Reception For Gen. Martin

Citizens from all parts of Lawrence County were in The Castleton hotel Thursday afternoon to meet General Edward Martin, candidate for the Republican nomination for governor of Pennsylvania. General Martin and his party arrived about noon and at one o'clock a public reception began.

No attempt was made to hold a formal meeting as the crowd kept arriving from one to four o'clock. General Martin seems to be in fine physical condition, the effects of his recent military service being apparent.

"This is a critical period in the history of the United States and of the Commonwealth of Pennsylvania" said General Martin. "I believe it is a time when the government should be headed by men who have had experience in state government, but who also know the military side. I have served my state since I was a young man, in various capacities. If the people desire I am willing to serve the next four years as governor."

From New Castle the party went to Rochester and from there on to Pittsburgh.

Discover Coat Of Dead Man Late Thursday Afternoon In Nearby Field

Identification of the body of the man found dead Thursday afternoon in a small run on the Andrew Ballas farm in Shenango township, a short distance from the Shenango-Taylor joint school, was made last night following discovery of his coat, containing a bill fold with identification cards, in a field about a quarter of a mile from where the body was found by George Matthews of South Jefferson street extension.

A metal identification card bore the name Raymond C. Wilson, 1320 Ridge Place, S. E., Washington, D. C., and bore the inscription "Quarterman of Labor". He was about 52 years of age, relatives stated.

A piece of paper containing a telephone number, Hillside 0393-M, was found in the billfold, and when this number was called by Coroner T. F. Nugent, it proved to be that of a friend, who stated that the description fitted Wilson. He notified Wilson's wife, who gave further information, and asked that the body be sent to a Washington funeral director. Fingerprints were taken by Chief of Police Willis G. McMullen, which were forwarded to Washington to complete identification.

Wilson had been missing from home since April 6. He formerly worked for the government as a carpenter foreman, and is said to have been a World War veteran, where he served in the navy. On each arm was tattooed an eagle design, and on his upper arm the initials R. W. He is survived by his wife and one daughter.

Naval Flying Hero Stops At Phoenix

Lieut. O'Hare Reunited With Bride Of Seven Months At Arizona Home

(International News Service)

PHOENIX, Ariz., April 17 — Reunited for the first time since the war with his bride of seven months, Lieut. Edward O'Hare, navy flying hero who shot down six Japanese planes in 40 minutes, rested in Phoenix today before reporting in Washington where he was summoned from Pearl Harbor.

O'Hare said he had no idea why he was called to Washington. "In the Navy," he grinned, "you go where you're ordered."

Mrs. O'Hare, the former Rita Wooster of Muscatine, Ia., burst into tears when she greeted her husband at a Phoenix airport. The flyer's sisters, Mrs. Paul Palmer and Mrs. Phil Tovrea, both of Phoenix, also were at the airport.

The flyer said he probably will stay in Phoenix until April 24 when he must report in Washington.

During his brief stopover in Los Angeles yesterday O'Hare admitted that he "tingled all over" on finding himself the lone American pilot in the air with nine Japanese planes when a unit of the U. S. Fleet attacked the Gilbert Islands.

"You're as dry as dust and thirsty," he related. "You don't have time to consider the odds against you. You're too busy throwing bullets. You just want to keep alive."

He shot down six enemy planes on that momentous day and returned to his aircraft carrier with only one bullet hole in his plane.

Young Sailor Writes Account Of Battles Fought Around Java

(International News Service)

ATLANTIC CITY, N. J., April 17—Robert Dutton, 18-year-old sailor in a letter to his parents today gave a vivid account of the sea battles that have been fought off Java.

In the letter of Mr. and Mrs. Edward A. Dutton, the young Atlantic City gob described the sinking of the U. S. Aircraft Tender Langely and the floundering of another American ship which had been battered badly in a previous encounter with the Japanese Navy. Young Dutton was aboard both vessels.

At one time he spent about two hours in the water before being rescued with eighteen other tars. Even as they were being taken aboard, the rescue ship dodged torpedoes from three enemy submarines and fired depth charges in return.

Dutton's experiences started at an unnamed location in the Pacific when a squadron of Jap bombers "nearly blew us to kingdom come." His letter continues:

"Well, the next day our captain asked for volunteers. I guess you know I went. Two days later, our cruiser joined a fighting force of four other cruisers and eight tin cans (destroyers). We were ordered to attack a convoy of 25 Japanese merchant ships and two Jap cruisers and four destroyers.

Sight Enemy

"We finally saw our enemy going through the Bali Strait. That's somewhere near Java. We went into general quarters at 12 o'clock and at 12:30 we started pounding them. In less than three minutes we sank three transports and two destroyers. Only one of our cruisers was afire.

"We were getting hit pretty bad ourselves. Every time I turned around I saw a new hole in our ship. I'm telling you, mom, in those five minutes I found out what war is really like. It seemed like every enemy ship was firing on us. I can't tell you how I felt about seeing my shipmates being killed.

We weren't doing so badly, though, until the bombers started to come and then we really got it. We were hit eight times with bombs before we really had to quit. The bridge was blown away and we were running on one screw, so we had to leave.

Dead Buried At Sea

"We got away all right. The dead were buried at sea. We traveled about two days, and, mom, none of us hardly said a word during those two days. Most of us were in a daze."

Dutton told of finally reaching an island and boarding the Langely for Australia which was later joined on the trip by two destroyers. The Langley met up with three Jap cruisers and two "tin cans." His letter continued:

"It lasted for two hours before we were blown apart and had to abandon ship. We had no life boats left so we just jumped. We were in the water for two hours, just floating around. Finally one of our destroyers broke away and came over to pick us up but just before that in came three Jap subs.

"So when our tin can came over to us all it had was a cargo net thrown over the side, and we had to climb up that. I think here were only nineteen of us picked up. In the meantime, the subs were firing torpedoes at us so we started dropping depth charges on the way out.

"After it was all over I passed out because of loss of blood and exhaustion. They say, shock. I was put in a hospital in Australia for five weeks and then shipped back to 'Frisco where I am now waiting my ship.

"Well, mom, I'm much okay, so don't worry about me."

During the February sea battles most of the Langley survivors were taken aboard the Navy Tanker Pecos which, the navy has revealed was heavily bombed and sunk early in March. Though only 14 men went down with the Langley, the navy said the sinking of the Pecos resulted in the loss of two-thirds of the personnel of both ships.

Hickory Heights

P. T. A. MEETING

The regular monthly meeting of Hickory Heights P. T. A. was held at the school building last Thursday evening. Officers were elected for the coming year as follows: Mrs. Chester Campbell, president; Mrs. Arthur Braymer, vice-president; Mrs. George Pontius, treasurer; Mrs. Bertha Dix, secretary.

Mr. Martin had charge of the school program and the students of his room presented a very interesting playlet entitled "Pan-American Day. A poem, songs and a saxaphone solo completed their part of the program.

Three of the parents staged a short one-act comedy called "Aunt Abigail's Bomb." The cast of characters included: Mrs. George Pontius as Aunt Abigail; Mrs. Russell Book as Aunt Samantha, and Mrs. Chester Campbell as their neice Alice.

HICKORY HEIGHTS NOTES

Mrs. Russell Book attended the meeting of the Women's Missionary Society of the Zion Baptist church at the home of Mrs. Oran Branden of Jacksonville.

Mr. and Mrs. Thomas Stimpson, and Miss Betsy Shane, of Pittsburgh, and Campbell McRae of Fort Meade, Maryland, were dinner guests with Mr. and Mrs. David Wilson on Sunday.

Mrs. Mae McConaghy of Hickory Heights spent the week end with her sister, Mrs. Charles Brenneman of Plain Grove.

H. N. Jacobs of Hickory Heights, who has been in the Jameson Memorial hospital for the past two weeks, is showing improvement.

Mr. and Mrs. Russell Book attended a shower for a recent bride and groom, Mr. and Mrs. Ralph Humphrey, of New Castle, given by Mr. and Mrs. J. Roy Humphrey of Jacksonville last Saturday evening.

Mrs. Leonard Hanna of State road accompanied Miss Dorothy Hanna and Mrs. W. R. Hanna of New Castle, to visit Mr. and Mrs. Clarence Boyd, and daughter Dorothy Elizabeth, of Greenville, Pa., former residents of New Castle.

Housing Problem Bothering State

Influx Of Defense Workers Causes Serious Shortage In Pennsylvania

HARRISBURG, April 17.—That influx of defense workers into Pennsylvania has resulted in a serious housing problem, the Joint State Government Commission reported today.

In the fourth of a weekly series of studies of Pennsylvania Government, the staff of the Commission analyzed the number of occupied and vacant dwelling units in Pennsylvania, as reported by the U. S. Bureau of the Census. Of the 2,618,442 dwelling units in Pennsylvania on April 1, 1940, there were 76,151 or 2.9 percent were vacant and for rent or sale.

Of the total number of dwelling units in the Commonwealth, 67.4 percent were located in urban places (incorporated places having 2,500 inhabintants or more) and 32.6 percent were in rural areas. Vacant urban dwelling units comprised 2.8 percent of all urban dwellings; of the rural dwelling units, 3.1 percent were vacant and for sale or rent.

In the five most populous cities of the State, the percent of vacancy was as follows: Philadelphia, 4.7%; Pittsburgh, 2.4%; Scranton, 1.8%; Erie, 2.0%; and Reading, 2.6%.

Since the 1940 Census, upon which the above figures are based, the influx of workers has replaced existing vacancies in urban areas with serious over-crowded housing conditions, the research agency pointed out. Efforts of private contractors and governmental housing agencies to allegicate the situation have been complicated by shortages of materials and priority schedules, further by-products of the war emergency.

RECORD COTTON PURCHASE

(International News Service)

ATLANTA, Ga.—A record-breaking purchase of 340,000,000 yards of wool cloth will soon be made by the United States Army, Fourth Corps Area Quartermaster's office reported.

Always Carry Registration Card

J. Edgar Hoover, director of the federal bureau of investigation, today urged all registrants to comply fully with all provisions of the Registration act. For the benefit of those who are not familiar with the requirements, he urged that the following precautions be observed.

Always keep your registration card with you.

When you receive your questionnaire, answer and return it promptly.

Report for examination and induction when so ordered.

Keep your local board informed at all times of your correct address.

Report immediately any change in your family status or occupation which might have a bearing on your classification.

Do not attempt to evade any provisions of the Selective Service Act or the official instructions of your board.

Do not aid or attempt to persuade any one to avoid compliance with the Selective Service Act."

A little dry mustard added to a sweet salad dressing gives it a pleasant tang.

U. S. To Build 100 Submarines

(International News Service)

WASHINGTON, April 17.—Assured that "we will have an aggressive campaign in the Atlantic to rid ourselves of the submarine menace," the house yesterday unanimously passed a bill authorizing construction of an additional "more than 100" of the undersea vessels for the United States Navy.

The bill calls for 200,000 tons of undersea combatant ships, which Naval Affairs Chairman Vinson (D), Ga., said "will be more than 100 submarines costing more than $900,000,000."

"This is very urgent," Vinson continued. "We are building submarines faster now than ever before in history, but as each new submarine comes off the ways we must be ready to start a new one in its place.

"The way things are shaping up, the war in the Pacific looks like an aviation war and the war in the Atlantic a submarine war. We will have an aggressive campaign in the Atlantic to rid ourselves of the submarine menace there."

Worst Forest Fire Season In Full Sway

HARRISBURG, April 17.—George H. Wirt, chief forest fire warden of the Department of Forests and Waters, warned today that Pennsylvania is threatened with the worst season for forest fires in several years.

A few fires have occurred already and have damaged timber which is of vital importance to the nation's war effort," Wirt said.

"Fires should not be started out-of-doors without the very best of reasons. Most of the war industries, the training of our armed forces, the shipment of food and supplies and equipment to the fighting fronts are dependent in no small way upon uninterrupted production of wood in raw and fabricated forms.

"It is estimated that the wood requirements for each man in the armed forces of the United States are 5,000 board feet of lumber. The lumber used for crating a large bomber that is to be shipped abroad would build a five-room house. It requires 1,000 carloads of lumber to build an army camp."

Junior A Sets Pace In Inter-Class Meet

Garner 32 Points To Take Lead Thursday; Senior A Second With 20 Markers

MEET WILL CLOSE THIS AFTERNOON

Stringing together five first places, an inspired band of Junior A athletes grabbed the front post as the annual two-day New Castle high inter-class track and field meet opened Thursday afternoon at Taggart stadium.

During the session, the Junior A class piled up 32 points, eight more than the second place Senior A contingent. The Sophomore B troupe garnered 20 markers, four more than the Senior B representatives. The Junior B and Sophomore A standard bearers each notched a half dozen points.

Aided by perfect spring weather, the thinclads staged an exceptionally classy show for the several hundred spectators. One of the surprises of the day saw 14-year-old Steve Wasilewski, Ben Franklin student, crack the tape first in the mile jaunt. The junior high scholar was running merely to gain some experience.

Paradise Standout

The standout performance was credited to "Bill" Paradise, Junior A specialist, who easily bagged first place in the 440-yard scamper. As the excited athletes started spinning around the quarter-mile saucer, Harvey Burris took the lead. As the boys rounded the second turn, Paradise stepped on the accelerator and won going away. He was clocked at 53.8. This marked his first attempt in the event this season.

Russ Currie, with first place in the 100-yard contest and in the broad jump, paced the Junior A. In the broad jump, Currie copped the event with a 20 foot leap. From the point of jump, Currie covered 20 feet 9 inches.

The 100, always a favorite, went to Currie who broke the cord in 10.7 seconds. Bob Lee, Junior A, snared the discus throw five points with a 119 feet 8 inch toss. Dave Genkinger, Junior A, won the pole vault contest. The height was 9 feet.

The remaining seven events are carded for this afternoon. In as much as only eight points separate the first two teams, today's contests should provide action galore. Last season, the Junior A class copped the meet.

Results follow:

120 yard high hurdles: Harvey Burris, Senior B, first; Al Morse, Senior A, second; "Skip" Donegan, Sophomore A, third; Bill Falls, Senior A, fourth. Time—20 seconds.

100 yard dash: Russ Currie, Junior A, first; James Falk, Sophomore B, second; Bob Lee, Junior A, third; Bob Stewart, Senior A, fourth; Bill Eakin, Senior A, fifth. Time—10.7 seconds.

Mile run: George Adams, Senior A, first; Bob Doster, Sophomore B, second; George Crunkleton, Senior A, third; Clarence Panarella, Junior B, fourth; Bill Burkett, Junior B, fifth. Time—5 minutes, 6 seconds.

Discus throw: Bob Lee, Junior A, first; Jess Gunn, Junior A, second; Tony Razzano, Sophomore A, third; Ted Lach, Junior B, fourth; Mike Roussos, Junior B, fifth. Distance—119 feet 8 inches.

Pole vault—Dave Genkinger, Junior A, first; John Izzo and Ed. Jacobs, both Sophomore B, tied for second; Jim Fair, Sophomore B, fourth; Mike Masone, Senior B, fifth. Height—9 feet.

Broad jump: Russ Currie, Junior A, first; Joe Ciazza, Senior B, second; "Skip" Donegan, Sophomore B, third; Bob Bailey, Senior A, fourth; James Blackwell, Senior A, fifth. Distance—20 feet.

440-yard dash: "Bill" Paradise, Junior A, first; Harvey Burris, Senior B, second; George Crunkleton, Senior A, third; Joe Ciazza, Junior B, fourth; "Bill" Falls, Senior A, fifth. Time—53.8 seconds.

Standing:

Junior A, 32 points; Senior A, 24 points; Sophomore B, 20 points; Junior B, 16 points; Junior B, 6 points; Sophomore A, 6 points.

Athletics Open At Home Today

(International News Service)

PHILADELPHIA, April 17 — Still seeking their initial victory of the year, Connie Mack's Athletics open the 1942 season in Shibe Park against the reconstructed Washington Senators this afternoon.

After the usual opening fanfare and "first ball" exercises, pitcher Herman Besse will take the mound against Dutch Leonard, the Senators' knuckle ball artist. The A's lost their first three games to the Boston Red Sox.

A crowd of 15,000 to 20,000 rooters is expected to welcome venerable owner-manager Connie Mack and his team back to Philadelphia.

Pugilistic Feud Is Nearing Head

Baxter And Genaro To Settle Superiority Question Monday Night

SEVERAL OTHER GOOD BATTLES ON DOCKET

That much discussed Frankie Genaro-Russell Baxter pugilistic feud is rapidly drawing to a head and by the time the rival middleweights enter The Arena ring Monday night their fever will be a a-boil.

Not only Genaro and Baxter but in addition their trainers, relatives and friends have taken up cudgels in their behalf, lending heat to the affray, hence a hot fight is in prospect.

Here's what started the rivalry: Tommy Leach picked up Baxter when he was a babe o' the ring, 'gentled' him through good matching into prominence and when Baxter gained top rung in the ladder of county fistic success, lo Baxter left him.

Just why Russell did this the writer doesn't know and doesn't care particularly because it is our duty to write and not to enter into other people's differences.

Baxter hied to the gym of Cumo, Cowperwaithe and Hartman, a trio who have just broken into the training game and, somewhat vexed, Sigor Tommy plucked Frankie Genaro, right pert scrapper, to carry the Leach banner.

He matched the pair. However, like Baxter is doing tonight, Genaro made the error of ighting bouts too close together, showed up with a damaged hand and failed to get a chance to "even up" for Tommy.

Instead, Tommy Bell substituted, Floored Baxter and won the award. While this was a sort of alleviative to Leach's injured feelings, it wasn't sufficient, hence the Baxter-Genaro fight is still top rank here.

Fights Tabor Tonight

Tonight, Russell is going to Ellwood to fight Chris Tabor who holds a decision over Genaro Chris' trainer Matt McGowan, one of the swellest fellows we have met in the fight game, says Chris may flatten Russ.

If he does it will be a pain not only to Baxter but one that will be felt by Messrs. Cumo, Cowperwaithe and Hartman, likewise Leach, because, he says: "I still think the fans here want to see Genaro and Baxter fight."

And they do. No doubt Baxter, a well educated boy, will "use his head" tonight. If he speeds up and depends upon science, he is apt to emerge with a decision. If he slugs he may be knocked out. This is a cue to take or leave.

However, we're thinking that some of the fans are going too strong for the Baxter-Genaro trouble and not enough for the Biro-Reale and Bell-Brockan fights here Monday night.

Reale keeps boring in and Biro doesn't take many steps backward. Bell defeated Baxter here in the last show which doesn't require explaining. Brockman is as good as Bell, hence no exploitation is needed for that scrap.

There are five other battles on the card and apparently The Arena will be a magnetic place for both men and women Monday. The docket is especially inviting, the weather likely will be attractive and a hot feud is to be settled.

SPORTS WORLD RAMBLINGS

(Editor's note: Today's jewel is the work of a pleasant young lady whose name is synonymous with the local society coterie—Miss Jean Glenn. Since the jargons of sports and society are as different as Lana Turner and Hitler the (deleted), my two readers, if they're still hanging on, may derive rare enjoyment from Miss Glenn's contribution.)

A request has come to the society editor's desk for her views on the sports world. It is a rather drastic change from the usual teas, but I am convinced that sports have a double purpose: To encourage clean American fun and also give a sporting chance for the femmes' to display their newest snappiest frocks, as well as strutting "the catch" of the town.

Football not only provides thrilling moments of anxiety and a chance to exercise your lungs, but gives the opportunity of huddling up just a little closer to your "sweet." No game is complete for a girl unless she has a big chrysanthemum corsage tied with ribbons in the home team colors. Nor is it complete without being tramped on in the bleachers by the lad screaming "Peanuts," Pop Corn," "Hot Dawgs."

A few suggestions would be made at this moment: Instead of the drab, well fitted side swaddling togs for the players, we suggest something in lime green fleece lined satin pants and lemon yellow shirts of same, with perhaps a ruffle of taffeta to give a light-as-a-breeze rustling instead of that squeaking, saddle crunching, tugging sound as they make that 60-yard dash. It would lend to the team's speed, too!

Instead of the usual trumping trot of a horse going to the barn for oats, throw in a little tango with the band playing "A Night in Spain." That would lend to the atmosphere. Let the opposing team, decked out in waterfall blue and white togs, enter in a rhumba. Forget the usual 26-44-38-hip-hip signals and throw in a "Moonlight Cocktail" yell for the send-off play. As the battle rages, have the referee toot that define gadget, the whistle, with notes of "Deep in the Heart of Texas."

As the battles rages, swing into another tune, depending of course, on the progress of the game, with a ditty entitled "Someone's Rocking My Dreamboat." For the final touchdown and famous Statue of Liberty play, give out with "Remember Pearl Harbor." That is sure fire and a victory play.

Professional hockey is a game of fire, and soooooo disappointing if there isn't at least a series of fights within a five minute period. Oh yes, this, too, gives the girls a chance to wear either smart sports outfits or they can attend the games at indoor hockey rings, in formals and sables.

Baseball is fast technical and will always be a favorite all American game. Bob Feller didn't pitch balls at the barn on the homestead, for no reason, for he won the pitchers' title for the Cleveland Indians. Joe DiMaggio of the Yankees is a good center, and Ted Williams, right fielder of the Boston Red Sox, is a champ hitter. For basketball players, we would suggest an edge of tatting on their trunks as they endeavor to score by putting the ball into the bottomless basket. Table tennis, badminton, tiddlywinks and the "bunny-hug" are good indoor sports.

Not being too well versed on sports, I will stay with weddings, recipes, fashions, etc., so Charlie, take it away—

NEW YORK, April 17.—It seems as thought it is necessary to sit down every once in awhile and do a little piece on Bob Pastor, the pugilist. You may not like him as a fighter or James J. Johnston, his manager, as a manager, but you can't escape the inevitable which is to admit that Johnston can get more mileage in the headlines out of less gas in behalf of Pastor than any other man in the world could. They no sooner find themselves flattened when they bounce right back again in the heavyweight key spot. But for the fact that Louis is so outstanding Pastor might be the champion, Heaven forbid. He seems to whip everybody except Louis himself.

Another Ttitle Shot

He seems too, en route to another crack at the title before this year is out. All he has to do is beat a party named Bivins at Cleveland on Friday night and a few more to keep intact his latest foray. In recognition of all this the National Boxing association has named him along with Conn as a standout challenger.

Pastor won't be able to beat Louis if they fight a thousand times. It isn't in the cards for an undersized heavyweight without a punch to beat a really good heavyweight champion. Pastor has speed and courage and he is a pretty good boxer, but that isn't enough as Louis has proved twice. Yet Pastor keeps right on beating all the other contenders and coming back for more against the champion.

When Louis gets through with Conn in June his next stop in the fall undoubtedly will be Pastor, despite the fact that every one must know in advance how the fight will come out.

Nevertheless the National Boxing association has bracketed Conn and Pastor all even behind Louis and the only thing that can prevent a Louis-Pastor third return engagement ere the year is over is a Conn victory over the champion two months hence. Otherwise it is in the sacthel.

Pastor seems to have been born to be one of those athletes who can't be shoved below the top permanently but one who yet can't stay up there. He beats the average heavyweight as fast as he shows up. He beats the so-called good ones too sometimes. Yet Louis always has been and must always be too good for him, just as Billy Conn must be.

As to the latter, there must also always be some doubt. It may be that Conn is capable of knocking Pastor out as he did once. However, that one caused considerable dispute and no one has been able to offer convincing proof as to whether Conn did score a knockout or whether Pastor simply quit.

But Pastor came beak off that miserable showing, too, and got some big money shots and another streak of wins which probably will go on until he finally tangles with Louis again.

Challengers Scarce

At a time like this challengers seem to be scarce, as they have been through the latter part of Louis' career. The champion has whipped Pastor twice, once by a knockout, and has knocked out Conn, yet those two must be accepted as the number one men because the rest are so utterly inept that they couldn't be expected to make a legitimate challenge for the title.

Hence we have Conn and Pastor coming up against Louis—Conn with a chance to make a good fight, Pastor a gone goslin sure as you're born.

Two Clubs Added To City Circuit

Bessemer, West Side A. C., Admitted To City Diamond Loop During Meeting

SEASON OPENERS SUNDAY, MAY 10

The City Baseball league will operate as an eight team circuit this season.

During Thursday evening's meeting, held in the Y.M.C.A., additional spice was tossed into the loop when managers of the six aggregations admitted Bessemer, of the County league, and West Side A.C. into the circuit.

With the addition of these teams, the league will undoubtedly be stiffer, in a competitive way, and will, quite naturally, provide spine tingling baseball.

The loop's eight teams are:

Moose, West Pittsburg, Croton A.C., Lawrence Indies, Elder A.C., Slovaks, West Side A.C., and Bessemer.

The following commissioners were elected last night:

Dom Costello, John Elesser, Judge Chambers, Charlie Bishop and Charles A. Landolf.

The group adopted the same rules as last year and also accepted the split season plan.

Contracts were issued during the session.

The season openers are listed for Sunday, May 10. The league playing days will be Tuesdays, Thursdays, and Sundays, "Jake" Bobovsky, secretary-treasurer, announced.

SOFTBALL LOOP MEETING TONIGHT

Lawrence County Softball league managers and officials will meet tonight at 8 o'clock in the Y. M. C. A., Rocco Viggiano announced.

Officials will be named during the session.

PITTSBURGH, April 17 — Western Pennsylvania Football Coaches' association will huddle for its annual spring clinic at McKeesport Vocational school on May 1 and 2.

Grover C. Washabaugh, Westminster coach, will be among the participants. Washabaugh will deliver an address during the sessions.

Other coaches who will participate include:

Charles Bowser, Pitt; William Kern, West Virginia; Frank Wolf, Waynesburg; Dr. Edward Baker, Carnegie Tech; John Knight, Bethany; Robert Higgins, Penn State; Aldo Donelli, Duquesne, and Joe Bartell, West Liberty Teachers.

ABC PACE SETTERS REMAIN UNMOLESTED

(International News Service)

COLUMBUS, O., April 17—If any team is to dispossess the Chicago Budweisers of their top seat at 3,131 in the American Bowling Congress five-man event standings, tonight appears as promising a time as any for the undertaking.

Thirteen high-ranking squads from Chicago were here today.

A shake-up among the leaders in the division took place last night, although the three top teams were not disturbed. Waldorf Beer of Cleveland rolled into fourth place on games of 1,027, 1,109 and 995 for 3,091.

EIGHT SURVIVORS IN AMATEUR GOLF TOURNEY UNDERWAY

(International News Service)

PINEHURST, N. C., April 17—With the original field of 32 whittled down to eight contestants following two days of match play, the annual North and South amateur golf tournament today entered the quarter-final stage of the meet.

Still included in the survivors was Powell Crichton of Bronxville, N. Y., the medalist. Crichton weathered yesterday's second round by eliminating D. E. Hampton of Greensboro, N. C., on the 17th green of the Pinehurst Country Club championship course by a narrow 2 and 1 margin.

Pastor-Bivins Fight Tonight

(International News Service)

CLEVELAND, April 17.—Bicycling Bob Pastor, the New York university blocking back who pedaled his way into the top challenging spot for Mr. Joe Louis' heavyweight crown, risks his chances tonight as he meets Jimmy Bivins, fast Cleveland light-heavyweight who thrashed champion Gus Lesnevich and is considered the No. 1 light-heavy challenger in the business today.

An estimated 12,000 persons will shell out a gate of $50,000 to see a card the likes of which has boosted Cleveland into competing honors with New York for the title of best fight town in the country.

Anton Christoforidis, former light-heavy champ, takes on Jimmy Reeves.

Sylvan Heights Golfers To Meet Monday Evening

Plans For Opening Of Season Will Be Completed, President Veri Announces

Representatives of the different teams in the Sylvan Heights Golf League, pioneer golf league of this section of the country, will meet Monday evening, when plans for the organization of the league for the coming summer will be completed, President Geno Veri announced today.

Indications point to one of the most successful leagues in many years, despite the fact that a large number of the young players are in Uncle Sam's service. Twelve teams were represented at the initial meeting, with propescts of several other teams coming in.

Monday evening's meeting will take place in Sylvan Heights Club House, at 8 o'clock.

A. A. U. BOXING FINALS TONIGHT

(International News Service)

BOSTON, April 17.—The "tournament of champions" tonight goes into its grand finale with top boxers from 15 associations slugging it out at Boston Garden for the eight national A.A.U. titles.

Twenty-four bouts are on the card for the semi-finals and finals.

Baseball Will Go All-Out To Assist War Relief Funds

Diamond Big-Wigs Huddle In New York Today To Map Out Various Plans

ALL-SERVICE TEAM MAY BATTLE STARS

By JACK MAHON
(International News Service Sports Writer)

NEW YORK, April 17.—Following the lead of the Brooklyn Dodgers and the New York Giants who have launched the major league's first program to aid the army emergency relief and navy relief funds, the big-wigs of organized baseball were in a huddle today to map out the best way the national pastime can go all-out to aid these very worthy causes.

Headed by Commissioner Kenesaw M. Landis, President Ford Frick of the National and Will Harridge of the American league, executives of both leagues and several minor leagues considered today a series of plans by which it is hoped a couple of million dollars will be raised for the funds.

Plan "Victory Day"

Though neither Landis nor either of the league prexies would comment on the meeting, until it had been completed, we learned:

(1) It is possible that a 'victory day" would arranged on which all clubs, no matter what their classification, would turn over every cent of their receipts to service charity.

(2) A plan to have an all-service team play an all-star group from both leagues on July 7 in the place of the originally planned second all-star game.

(3) Players would be drafted into service as defense bond and stamps salesmen, the idea being to have public favorites make personal appearances much in the manner of movie stars.

Col. John T. Taylor, assistant director of the army public relations office, was up from Washington for the conference which was also attended by Stanton Griffiths, national civilian chairman of the Naval Relief society.

Because of the different bankrolls behind the various clubs—and lack of bankrools—it was felt in many circles that Landis would frown on the idea of a "victory day". This would be O. K. with the more successful clubs but, according to our information the judge does not think it would work with the teams who have been in financial trouble for several seasons.

It is believed that the all-service team might prove feasible for Bob Feller, "Hank" Greenberg and several other big name stars are getting in a couple of games a week while in training and should be in good shape. The possibility that a squad, in good shape, could not be assembled sort of clouded the idea when it was first suggested last December.

If the directors veto this idea, the second all-star game would be played in Cleveland on July 7. The first one, of course, will be held here in the Polo Grounds, July 6. It was originally scheduled for Ebbets field, Brooklyn, but was moved because of the 60,000 seating capacity of the Polo Grounds.

The all-star proceeds will approximate $150,000 and will be turned over to the ball and bat fund for service men. The fund has set a goal of $250,000.

Baxter Battles Tabor Tonight

ELLWOOD CITY, April 17.—Russell Baxter, middleweight champion of Lawrence county, and Chris Tabor, Niles middleweight, will appear in the main three-round bout tonight in the Shelby Social club. Two weeks ago Tabor outpointed Frankie Genaro. Baxter is scheduled to fight Genaro Monday night in New Castle.

Other battles on tonight's card, one of the best possible to arrange, are: Charles Riggs vs. Joe Biro, heavyweights; Tommy Bell, winner over Baxter at New Castle, vs. Ben Franklin, 160; Henry Pratt vs. Rollin Horne, 135; Billy Shelton vs. Melio Donelli, 140; Al Scarkansky vs. Jimmy Bagamery, 135; Frankie Muche vs. Pete Carey, 130, and Johnny Gardner vs. Phil DeNardo, 135.

STANLEY HOCKEY SERIES IS TIED

(International News Service)

DETROIT, April 17—Maybe it is just that class tells in the long run, but at any rate the Detroit Red Wings found themselves in a precarious position today.

Entraining for Toronto where tomorrow night the Wings meet the Toronto Maple Leafs in the deciding game of the Stanley Cup hockey playoff series, the Wings found themselves on the short end of the betting odds.

Last night, the Wings dropped a 3 to 0 decision to the Leafs before 13,153 fans in Olympia and by so doing recorded their third consecutive loss.

ATTRACT 45,000

Opening of the American Association league was auspicious from more than one standpoint. The turnstiles hummed like a nest of hornets yesterday as 45,000 fans, the biggest assemblage in a decade, huddled for the lid lifters.

Boston Braves Cop Third Win

Hub Nine Rings Victory Bell Again, 2-1; Pirates Drop First, 8-7

RED SOX SPATTER PHILADELPHIA, 19-4

(International News Service)

NEW YORK, April 17.—If, like the first swallow means spring, the first three ball games of the season meant the world series the New York Yankees would be defending their world championship against the Boston Braves in October.

Casey Stengle's Hub nine has won three in a row, beating the Philadelphia Phillies again yesterday by 2 to 1 in 10 innings by virtue of a single in the 10th by none other than big Ernie Lombardi, who was traded by the Cincinnati Reds.

Meantime, the Yankees continued their march to another title by downing the Washington Senators, 8-5, when George Selkirk smashed out a pinch double to score two as part of a three-run ninth inning.

All of which makes up the preliminaries leading to home openings for clubs which started on the road. Today the schedule was switched around as follows:

American league—Boston at New York, Detroit at St. Louis, Chicago at Cleveland, Washington at Philadelphia.

National league—Philadelphia at Brooklyn, New York at Boston, St. Louis at Pittsburgh and Cincinnati at Chicago.

Pittsburgh Loses, 8-7

In another National league feature yesterday the Dodgers trimmed the Giants, 4 to 2, on ninth inning passes to make it two out of three, while Cincinnati came through against Pittsburgh, 8 to 7, in 12 innings and St. Louis beat Chicago, 11 to 6.

The Reds won their game when three bases on balls followed a single by Frank McCormick to force in the winning run, while the highlight of the Cards' victory was the hitting of Rookie Stan Musial who made three hits including a home run.

In the American league, the Boston Red Sox put on display some of their vaunted power in disposing of the Philadelphia Athletics, 19 to 4, the victory being achieved with 21 safe hits, including home runs by Ted Williams and Dom DiMaggio.

The dark horse St. Louis Browns beat the Chicago White Sox, 13 to 3, aided by the home runs of Harlond Clift and rookie Verne Stephens.

Don Ross and Rudy York hit homers to help the Detroit Tigers to a 5 to 4 victory over the Cleveland Indians.

HERE AND THERE IN SPORTS LAND

While galavantin' Thursday afternoon we were asked the age of this column. The reply was "old enough to vote". When it did not appear it was due to our attendance at some out-of-town sport attraction the night before or we were laid low with illness—and that has been so infrequent (rap on wood) we cannot recall the occasion. During that "long run" the column has carried the achievements of many occupants of Sport's Land.

For instance, in November of 1920 Jimmie Dime took Eddie Weygant and Joe Chip to Erie. Eddie knocked out Harry Coulon of Buffalo in the first round at Erie and it required 10 minutes to restore the Bison City lad to consciousness. The same night in the same ring Joe Chip gave Johnny Klesch of Cleveland a "going over" in 10 rounds.

Back about that time we wrote: "Italy has declared its intention of being represented in the Penn relays by cinder pathers. Remember Dorando? There may be more like him. It would be well for Americans to keep an eye on the Italians." Bringing this up-to-date we will say that Dorando was a marathoner in the Olympics staged to sponsor international good will. Mussolini spoiled Dorando's good efforts when Mussolini became a valet to Htiler.

Another quip was: "A man walked into a local store several weeks ago and inquired: 'Is there a Country Gentleman in here?'" to which a wag replied: "You can find one in New Wilmington." Bringing this up-to-date we might add: "It still holds true."

In 1922 the I. A. A. was a "going" organization. Here are the names of officers that year: D. D. Valiensi, president; T. C. Richards, vice president; H. A. Fazzone, treasurer; Carm Sacco, financial secretary; Frank Fazzone, corresponding secretary; baseball team manager, Pete Josephs (Iodice) and T. C. Richards, business manager. And now 20 years later, we'll hand out a cue to some of the youngsters: Listen to the words of wisdom of those gentlemen who can disseminate concerning baseball.

Another items tells how Kid Broad picked up a New York newspaper one morning while Broad and the writer were standing a few years previous on Broadway. A cartoonist had caricatured the Kid as a Chinaman. Broad threatened to lick the cartoonist. The item said we did not believe the cartoon libeled Broad who occupied a room next to ours in a 43rd street rooming house. Broad originally hailed from Cleveland. His father was a minister. When right, Broad was a good fighter. So are the Chinese.

It was about that time that the rubber suit for bathing girls was invented and the column said: "There'll be more rubber-necking than ever and the 1922 seashore cry will be: "Isnt she the cute sausage." By the time this war is o'er there'll not be enough rubber to encase a sprained finger.

Baseball players of the major circuits today find railroads can only furnish one sleeping car for their use. Those who cannot find a berth in that car are "stored" in other sleeping cars on the train. Hank Gornicki, Pirate hurler, who was punished for breaking training rules has been returned to good standing by Manager Frankie Frisch.

If Junior retrieves a foul tip have him toss the baseball back upon the field, if you are in a major league park. The ball will be sent to service men. . . Pittsburgh is excited but it is nothing to get excited about. We're speaking of the Bobo-Simon fight. Abe is through as a heavyweight title-contender and the only point is, can Bobo stop him, too?

Montgomery Faces Mexican April 20

(International News Service)

PHILADELPHIA, April 17 — Seeking a comeback after his poor showing against Sammy Angott, dusky Bob Montgomery returns to the ring in a 10-round battle with Mexican Joe Peralta at the arena on April 20.

Montgomery, Philadelphia lightweight, was beaten decisively by the speedy Angott at Madison Square Garden. But he's still young, and fight experts expect him to go a long way in lightweight circles despite the setback.

HANDLEY, FERNANDES DRAW SUSPENSIONS

(International News Service)

PITTSBURGH, April 17 — The Pittsburgh Pirates have suspended infielder Lee Handley and Catcher Eddie Fernandes.

Handley was suspended for not being in playing condition at the beginning of the season, Fernandes for failing to report to the Toronto Club of the International League where he had been optioned by the Pirates, President William E. Benswanger announced.

Awards Are Made For Heroic Service In Hawaii Attack

Thirteen Army Officers And Men Awarded Silver Stars For Gallantry

(International News Service)

HONOLULU, April 17.—For their "gallant and meritorious action" during the Japanese attack on Hawaii Dec. 7, 13 U. S. army officers and men today wore silver stars on their uniforms and 101 others held purple heart decorations.

The awards were made in special services at Hickam field, army air base, by Lieut. Gen. Delos C. Emmons yesterday. Col. William Boyd, commanding officer of Hickam field; Maj. Gen. Clarence L. Tinker, commander of the Hawaiian air force; Brig. Gen. J. Lawton Collins, chief of staff, and Brig. Gen. Willis H. Hale, commander of one arm of the forces in Hawaii, all participated in the ceremony.

Lieut. Col. Gordon A. Blake of Charles City, Ia., who remained at his post in the Hickam field control tower during the first Jap bombardment, calmly directing the safe landing of a number of American Flying Fortresses arriving from the mainland, was among the silver star winners.

The other stars were awarded to Capt. Frederick O. Hallor, San Rafael, Cal.; Second Lieut. Loren A. Stoddard, Vallejo, Cal.; Warrant Officer Anthony A. Albino, Brooklyn; Technical Sgts. Sidney C. Howe, no address; Wilburn K. Hunt, Marion, Ky.; Jack O. Ehrke, Charleston, W. Va., and Bonnie V. Nabors, De Leon, Tex.; Staff Sgt. Charles R. Middaugh, Los Angeles; Sgts. Ruben E. Carr, Eufaula, Ala., and Robert J. Haessley, Ellsworth, Wis., and Privates First Class Joseph P. Miszczuk, Nanticoke, Pa., and Paul Mucha, Carteret, N. Y.

All of the purple heart recipients were wounded during the raid.

Dairymen To Oppose Lewis

State Milk Co-Operatives Call Mass Meeting At State College Next Month

By LEONARD APFELBAUM
International News Service Staff Correspondent

PITTSBURGH, April 17.—Pennsylvania's milk co-operatives, alarmed by plans of John L. Lewis to move into the dairy industry, have scheduled a mass meeting at State College next month to discuss plans for opposing the union leader, it was disclosed today.

Harold B. Steele, secretary of the Dairymen's Co-Operative Sales association, explained that the meeting has been called by the Pennsylvania Association of Farmers' Co-Operatives and that representatives of Free Farmers, Inc., recently organized to combat Lewis, and leaders of the National Grange will be present.

Steele emphasized that the co-ops do not intend to resort to force and coercion in order to keep their members from affiliating with the district 50 forces of the UMW boss.

"Our plan," he said, "is to present both sides of the picture to the farmer and let him decide which organization he favors. You might call it an educational program."

In a public statement Steele said: "No one should deny farmers the right to effct any kind of legal organization that they choose to set up in order to better themselves. However, it should be borne in mind that farmers are not hired labor in the same sense that the large group of industrial workers are.

"We cannot reconcile ourselves to the idea that the union method in its more violent form is the kind of method which fair-minded farm people of this nation subscribe to."

Meanwhile, it was learned from competent sources that the initial moves already have been made by Lewis in West Virginia, with particular reference on the cities of Cameron, Charleston and Clarksburg.

FROM ME TO YOU

By MESEEALL

Tonight at seven thirty the WKBN Barn Dance will be presented to a large crowd in the Auditorium of the Ben Franklin High School . . . the show is being sponsored by the Protected Home Circle, New Castle No. 5 Majorettes . . . This is a good show and all those interested in good entertainment should plan on attending tonight.

* * * *

Next Tuesday night there will be a parade for the draftees that will leave next week . . . The parade will form in front of the Legion Home at seven o'clock and proceed to the Elk's Home . . . bands will play and citizens of the community will march with the boys who are in the selected group. A public program will follow at the Elk's Building on North Mill street . . . This is a civic parade so why not make it a point to be on hand . . . Remember the night is Tuesday of next week.

* * *

Here are a couple of dogs that might fill the request that you people have been sending in . . . just call the people mentioned and the dogs will be Free if you promise to give them good homes and obey all laws governing dogs.

Phone 3882-R . . . Female brown and white hound . . . good hunter and about 3 years old.

Mrs. S. W. McCullough, East New Castle, next to Calvary Presbyterian Church . . . Male, part spitz and beagle . . . about 7 months old. Should make a good pet.

* * *

From our Hillsville Way comes word that George Murphy is taking his vacation . . . now that might not mean a thing to you, but George is spending his vacation at home . . . and he has put his vacation check into War Bonds . . . that is what we call real spirit and one that could be followed by others of the community. Every home helps fight those powers who wish to see our way of life destroyed. Let's all do our part.

* * *

This week-end it would be wise for you to dig around in your cellar or attic and see what you have that might be of use for our National Defense . . . old iron or other metals, rags and the like . . . save paper and tin cans for another time. Monday will be Scrap Collection day for New Castle . . . junk dealers will come around and buy your collection. If you are ready you will be helping Uncle Sam.

STOCKS

Stock Market Trend Is Lower

Some Stocks Drop As Much As Three Points, Others Only Fractionally

(International News Service)

NEW YORK, April 17.—The stock market gave ground on a wide front today with declines running to as much as three points and price averages hitting a new low since 1935.

Selling pressure sent issues tumbling in the second hour. American Airlines dropped 2½ to a new low and Allied Chemical fell 3. Among issues to slip a point or more were Bethlehem Steel, Crucible preferred, American Can, Santa Fe preferred, General Foods and DuPont. Bethlehem and General Foods touched new bottoms.

Fractional losses were shown by General Electric, Westinghouse, Eastman Kodak, Anaconda, Kennecott, Nickel Plate preferred, National Distillers and Owens-Illinois Glass.

A handful of stocks bucked the downward trend. Atlantic, Gulf & West Indies preferred stood out with a spurt of better than 2 points. Consolidated Edison and International Nickel were about unchanged.

Edward Gregg Is Given Farewell

Tube Company Department Honors Youth Who Will Become Aviation Cadet

ELLWOOD CITY, April 17.—Edward Gregg, son of Mr. and Mrs. Walter Gregg, of Rockdale, was delightfully honored at a farewell dinner by the taoulating department of the National Tube company last evening at Zelienople.

Edward recently enlisted in the U. S. Army Air Corps as an aviation cadet and will leave on April 29.

Lewis Hitt served as master of ceremonies and also presented the honor guest with a lovely gift during the evening. The informal program featured a talk by Chester Wilson, who also led group singing. Music was furnished by John Meincer of Zelienople, after which D. E. Cain, head of the department, talked briefly. Concluding the program were original poems by Miss Mary Worrell and Miss Eurilda Bingle. Games concluded the pleasant affair.

Special guests were Mr. and Mrs. John Coyle, Miss Mary Zehner and Mrs. Chester Wilson.

Pledge For Victory Canvass To Start Monday Morning

ELLWOOD CITY, April 17.—The boys and girls of the Kiwanis Key club, Tri-Hi-Y and Hi-Y clubs will canvass the community starting Monday morning on the "pledge for victory" which is Pennsylvania's all-out participation in the United States savings bond campaign.

Judge Walter Braham is county chairman of the campaign and citizens have been requested by the president of the United States to cooperate and give all canvassers the necessary information as requested. The pledge merely provides that all citizens inform the canvasser the amount he or she will invest in United States savings bonds or stamps each week or month or any other time and whether these bonds will be purchased from our local post office, bank or through the industrial pay-roll savings plan and then sign your name. All information will be held strictly confidential.

The pledge campaign is taking place throughout the country and Ellwood City is urged to cooperate.

Instruction School For Pythian Sisters

ELLWOOD CITY, April 17.—On Thursday a school of instruction was held for district two of the Pythian Sisters lodge, which included Mercer, Butler, Lawrence and Beaver counties. The event was held in the bank hall and began with an afternoon session during which the grand temple degree was given by the grand chief.

At 6 o'clock, the group numbering one hundred gathered at the First Methodist church for a dinner.

The evening meeting was attended by 150 members and the special guests included: Grand Chief, Olive Henderson; grand senior, Florence Rawson; mistress of finance, Jennie Rearic; grand protector, Gertrude Kinzer; junior supervisor, Jennie Rearic; senior alternate, Jennie Ludwig; state press secretary, Florence Harvey; past supreme manager, Anna Pitman; and past grand chiefs, Blanche Weisz and Henrietta Richert.

Special Meeting Held By Council

ELLWOOD CITY, April 17.—At a special meeting of the Ellwood council held last evening, it was agreed to go ahead with the improving of the Pershing street entrance to the housing project.

The contract will be given to the New Castle Duntile company at the bid of $26,156.50. Council agreed to pay a $4200 portion of the storm sewer work and agreed to borrow the money from the electric fund to be replaced in the 1943 budget. Of the entire sum, approximately $12,000 will be paid by the federal government.

The bid for a new car for the police department was awarded to F. W. Scheidemantle at the bid of $895.

Surprise Honors Mrs. E. Vaneman

ELLWOOD CITY, April 17.—Mrs. Elizabeth VanEman was delightfully honored on Thursday when an enjoyable birthday party was held in her honor at her home in Bridge street.

About 30 relatives and neighbors attended, wit ha delicious dinner being served at noon by her daughtears, Mrs. George Wallace and Mrs. William Flinner, assisted by Mrs. Chester Brown and Miss Frances Markle. The table was centered with a large cake.

The afternoon was spent informally, with the guest of honor being presented with many attractive gifts.

Thursday Night Social Affairs

Many Enjoyable Club Meetings Take Place At Various Homes In Community

ELLWOOD CITY, April 17 — Among the many enjoyable club and social activities of Thursday afternoon and evening were:

Just Us Club

Mrs. Harvey Smith and Mrs. Charles Anderson were gracious associate hostesses to members of the Just Us club at the former's home, in Hazel avenue.

After several hours of play, the awards went to Mrs. O. W. Miesel and Mrs. Tina Alfonso for 500; and Mrs. Charles Means and Mrs. Ferd Fehl, for bridge. The hostesses served a delicious lunch.

Another meeting will be held on the third Thursday of May.

Variety Club

Mrs. Effie Dunkle, opened her home in Wampum avenue, to members of the Variety club.

Five hundred held the attention of the group with the nice awards going to Mrs. Kenneth Lauderdale and Mrs. E. J. Reinheimer, for second and travel. During the evening the hostess served a delicious lunch.

In two weeks the club will meet again at the home of Mrs. Reed Hall, Todd avenue, and next Tuesday evening will go to Brenleigh for a dinner meeting.

Progressive Club

At the home of Mrs. Lewis Bentrim, Park avenue, members of the Progressive club were welcomed last evening.

After several hours of bridge, the award for high score fell to Mrs. Andrew Zekeli, who will entertain again in two weeks at her home, in Line avenue. Mrs. Clarence Eller won the travel prize.

Featuring the evening was a handkerchief shower for the birthday anniversary of the hostess, who later in the evening with her daughter, Lois Jean, served a tasty lunch.

Eight-At-Bridge

Mrs. Leyle Colmery was a pleasant hostess to members of the Eight-At-Bridge club last evening at her home, in Ewing Park.

The high bridge award went to Mrs. Carl Schweinsburg and Mrs. Wayne and Mrs. Leyle Comery won the honor prizes.

The hostess served seasonable refreshments. Another meeting will be held on Thursday, April 30, at the home of Mrs. Wayne Colmery, Line ave.

R. Q. Club

Mrs. Lewis Young, Mrs. Gladys Hill and Mrs. Harry Keller were special guests of the R. Q. club when members were pleasantly entertained at the home of Mrs. Joseph Book, Line avenue.

After a delicious tureen dinner, the time was devoted to playing 500 at five tables. Mrs. Leonard Nagel, Mrs. Mae White, won the prizes for high scores in cards; Mrs. Anna Franz won the travel prize and Mrs. Gladys Hill, the guest favor.

In three weeks, the club will meet for a chicken dinner.

Past Matrons

Mrs. Elsie Harris, Wayne avenue, who is leaving soon to make her home in Sandusky, O., where she has accepted employment, was honored at a lovely farewell dessert by members of the Past Matrons of the Eastern Star at the home of Mrs. William Dean, Connoquenessing Terrace. Mrs. Harris was presented with a number of lovely handkerchiefs by the fourteen members attending.

Telephone Girls Guests At Party

ELLWOOD CITY, April 17.—The traffic department of the Bell Telephone company was entertained at a lovely party last evening at Camp Con-E-Que, with Mr. McKissick, Mr. Hurlbrink, Mr. Brewer and Mr. Kinkle being special guests, as were operators of the Zelienople office.

Thirty attended with the first part of the meeting being the showing of motion pictures on defense work and talks by the special guests.

Entertaining games followed under the direction of Margaret Jane Faurie and Pat Vogt with the nice prizes going to Shirley Rutter, Mr Kinkle, Nellie Grimnen and Virginia Parks. Dancing was also a pastime.

As the final feature, a tasty lunch was served by Miss Judith Aubrey, Miss Helen Henderson and Miss Claribell Irwin.
